 * Equivalent to 0.10% (Butylcarbityl) (S-Propylpiperonyl) and related compounds.

KEEP OUT OF REACH OF CHILDREN

See Back Panel for Additional Required Precautions

Do not get on skin or in eyes. Wash thoroughly after use. Do not wear contaminated clothing. Wash clothing with soap and hot water. Avoid breathing vapors or spray. Keep away from food, feedstuffs, and water supplies.

Rinse eyes with plenty of water and seek medical attention.

Note to physician: Active ingredient is a cholinesterase inhibitor. Treat symptomatically. Relative to an anticholinesterase.

Keep children and pets off treated areas until the spray has dried.

COMBUSTIBLE LIQUID

Keep container closed. Keep away from heat and open flames.

NET CONTENT: GALLON

CAUTION

Do not use in tanks to fish and wildlife. Do not use on any body of water. When treating tanks, do not use in areas where birds or mammals are likely to be affected. Do not contaminate water by cleaning equipment or disposal of waste. Do not reuse empty drum. Return to drum conditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.

Do not use in animal buildings, poultry houses or in edible product areas of food processing plants, except for crack and crevice treatments. (See Directions.)

NOTICE: Seller's guarantee shall be limited to the terms of the label, and subject thereto. The buyer assumes any risk to persons or property arising out of use or handling and accepts the product on these conditions.

EPA Reg. No. 1941-57

EPA EST. 1941-PA-1

DIRECTIONS FOR USE

Use as a spot treatment in cracks, crevices, or where cockroach infestations are common. Do not use in closets, at the base of the wall, behind the wall, beneath sinks, cabinets, and in a manner to avoid food, feedstuff, and food handling. Washed in soap contaminated by product. Repeat application is normally on cockroaches.

APPLICATIONS LIMITED TO CRACK AND CREVICE TREATMENT

Apply a small amount into cracks and crevices capable of delivering insecticide in particles of consistent size and hollow space and bases, in conjunction with other equipment. After application, allow the oil to evaporate. Switches should be taken out of product onto exposed material into of food or food products.

APPLICATIONS OF 1941-57 OF FOOD HANDLING ARE CRACK AND CREVICE TREATMENT.

CAUTION

This product is toxic to fish and wildlife. Keep out of any body of water. Birds feeding on insects should be avoided. Apply this product only as specified on this label. Do not contaminate water by cleaning equipment or disposal of waste. Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

EPA Reg. No. 1941-57

EPA EST. 1941-PA-1

DIRECTIONS FOR USE: HOUSEHOLD RESIDENTIAL AND NON-RESIDENTIAL

Use as a spot treatment by spraying or dusting course spray or with a paintbrush, in areas where cockroaches are likely to be found. Areas include dark corners, under beds and closets, at the base of walls, in cracks in the wall, behind baseboards, behind and beneath sinks, refrigerators, stoves and cabinets, and around drainpipes. Apply in a manner to avoid spray or dust contacting food, feedstuff, and water supplies. Dishes and food handling utensils should be thoroughly washed in soap and water if they have been contaminated by the application of this product. Repeat treatment as needed.

NOTE: A period of 4 to 7 days after treatment is normally required for maximum effect on cockroaches.

APPLICATIONS WITHIN FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS

Limited to Crack and Crevice Treatment Only. Apply a small amount of material directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, motor housings, junctions or switch boxes where reaches him. Prior to application, de-energize electrical equipment. After application allow time for oil to evaporate before starting motor or placing switches to the "on" position. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.
