**Subject: Notification of Label Upgrade
VANCIDE® 51, Industrial Preservative
EPA Reg. No. 1965-8**

Gentlemen:

Enclosed, please find an Application of Notification and one copy of a label for the above subject Industrial Preservative. This label has been upgraded for Container disposal instructions in accordance with PR Notice 2007-4, Labeling Revisions Required by the Final Rule "Pesticide Management and Disposal - Standards for Pesticide Containers and Containment."

In accordance with the instructions of the PR notice, I provide the following statement.

"Notification of label change per PR Notice 2007-4. This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156. Except for the formatting of currently used first aid statements, no other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

As indicated on the Notification form and in the above statement, the first aid section of the label has been re-formatted for better reading. The language conforms to the same language in the Label Review Manual for first aid and is the same that previously appearing on this product label. Additional contact language for medical emergencies has been included.

Please contact me if further information is required.

Sincerely,

Frank B. Flynn

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information on VANCIDE 51, call 1-800-243-6064, Monday through Friday, 8 a.m. to 5 p.m., Eastern Time. After 5 p.m., call CHEMTREC® - Day or Night: 800-424-9300.

If swallowed:

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything to an unconscious person.

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
- Call a poison control center or doctor for treatment advice.

If on skin:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

If inhaled:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

Note to Physician: Probable mucosal damage may contraindicate use of gastric lavage.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

VANCIDE® 51

Industrial Preservative

CAUTION

KEEP OUT OF REACH OF CHILDREN**PRECAUTIONARY STATEMENTS****HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

May be harmful if swallowed or inhaled! May cause irritation of nose, throat and skin. Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. In case of contact, flush with plenty of water. For eyes, get medical attention.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

EPA REG. No. 1965-8;
EPA EST. No. 1965-KY-1

DIRECTIONS FOR USE (continued)

Mold-Resistant Paper and Paperboard-To impart mold-resistant properties to paper or paperboard, apply 1.65% to 3.3% VANCIDE 51 based on the weight of the sheet as a surface treatment at the size press or calendar stack. Do not use for the manufacture of mold-resistant paper and paperboard intended for food packaging purposes.

Preservation of Cotton Fabrics-To prepare mildew-proof cotton fabric, treat as follows based on 100% wet pick-up:

1. Pad on a solution of 5 parts VANCIDE 51 and 95 parts water and dry.
2. Pad on a 1.2% solution of zinc acetate dihydrate and dry.

Preservation for Paste-Add 0.33% to 1.0% VANCIDE 51 to starch paste based on the weight of the starch, but no less than 0.02% based on the total weight of the paste. To preserve alginate pastes, add 0.1% to 0.2% VANCIDE 51 based on the alginate solution. To preserve casein solution, add 0.33% to 1.0% VANCIDE 51 based on the weight of the casein, but no less than 0.1% based on the total weight of the paste.

Wood Veneer-Add 4.8 pounds or 2 quarts of VANCIDE 51/100 gallons of water to make a dip solution for sap stain and mold control. Freshly cut veneer should be dipped at least 15 seconds.

Preservation of Cutting Oils-To prevent cutting oil solutions and emulsions from developing undesirable odors and broken emulsions due to bacterial and fungal action, add VANCIDE 51 to diluted fluid at 500 to 1000 ppm based on fluid weight. To prepare 500 ppm, add 4.175 pounds (55.4 fluid ounces) of VANCIDE 51 per 1000 gallons of fluid and for 1000 ppm, add 8.35 pounds (110.8 fluid ounces) per 1000 gallons of fluid.

STORAGE AND DISPOSAL - Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Keep container tightly closed and store in a cool, dry place.

PESTICIDE DISPOSAL - Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Or contract with a registered hazardous waste disposal company for proper waste disposal.

CONTAINER DISPOSAL - This container is "NON-REFILLABLE". Do not reuse or refill this container.

Triple rinse container promptly after emptying (see instruction). Then offer for recycling or reconditioning, if available.

Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times.
