ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STATEMENT OF PRACTICAL TREATMENT

If swallowed:

- Call a poison control center or doctor immediately for treatment advice. Drink promptly a large quantity of milk, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything to an unconscious person.

If on skin:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

If inhaled:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance and then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes; continue rinsing.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

Note to MD: Probable mucosal damage may contraindicate gastric lavage.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

As with all new formula ingredients, the user should assure compatibility and stability. The following use levels are typical and should be evaluated to ensure adequate protection. Do not exceed the maximum level shown

**Important Note:** Users are advised not to spray this product. In addition, users of products containing VANCIDE MZ-96 Dispersion should be directed on the label to wear suitable respiratory protection.

**Preservation of Adhesives** - To preserve starch and synthetic latex adhesive formulations (water-based) against bacterial degradation, incorporate 0.370% to 1.0% VANCIDE MZ-96 Dispersion, by weight of total composition. This product is cleared for use in adhesives used in food packaging (FDA 175.105)

VANCIDE® MZ-96 Dispersion

Industrial Preservative

ACTIVE INGREDIENT	Ziram (Zinc Dimethyldithiocarbamate)	51.0%
CAS No	137-30-4	
INERT INGREDIENTS	(Contains water and surface active agents)	49.0%
TOTAL		100.0%

Weight per gallon = 10.66 lbs/gallon

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Fatal if inhaled. Do not breathe dust or spray mist. Wear a respirator (see section on PPE). Corrosive. Causes irreversible eye damage. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

**Personal Protective Equipment (PPE):** Some materials that are chemical-resistant to this product are non-permeable polymers such as latex, nitrile or PVC. **All Handlers Must Wear:** a water impermeable apron or coverall and gloves to avoid contamination of skin and work clothing; chemical splash goggles; an organic-vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-23C), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-14G), or a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with any N, R, P or HE prefilter.

**User Safety Recommendations:** Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

Directions for Use continued:

**Mold Inhibitor for Water-reducible Paints** - For exterior latex more than 2% of VANCIDE MZ-96 Dispersion based on total weight about 10 lbs. per 100 gallons) For all other paints, use no more than 2% of VANCIDE MZ-96 Dispersion (actual solids - 2%) based on total weight (equal to no more than 30 lbs. of active per 100 gallons), add to pigment-dispersions stage of manufacture. It is recommended that paints applied with an airless sprayer wear suitable respiratory protection.

Do not use in formulations containing metallic drier.

**Short-term Spoilage Protection** - VANCIDE MZ-96 Dispersion provides short-term protection from spoilage to water-reduced industrial coatings including wallboard compounds. For successful control of spoilage, good quality water and clean manufacturing conditions are required. In mix products, add 0.8 - 1.0% VANCIDE MZ-96 Dispersion to the formula during manufacture, based on total weight.

**STORAGE** - Avoid freezing. Store in a cool, dry place. After opening, reseal drum tightly to avoid evaporation of product. Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

**PESTICIDE DISPOSAL** - Ziram (Zinc Dimethyldithiocarbamate) is listed by the Resource Conservation and Recovery Act (RCRA) as a P-205 waste. If these wastes cannot be recycled or used by use according to label instructions, contact your local Pesticide or Environmental Control Agency, or the nearest EPA Regional Office for guidance. Or contract with a registered hazardous waste disposal company for proper waste disposal.

**CONTAINER DISPOSAL** - This container is "RE-FILLABLE". Do not reuse or refill this container.

Triple rinse (see instruction). Then offer for recycling, reconditioning, or puncture and dispose of in a sanitary manner by other procedures approved by State and local authorities.

Triple rinse as follows: Empty remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. With a helper, tip container on its side and roll it back and forth, ensuring at least one full revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container on its other end and tip it back and forth several times. Repeat this procedure two times. Rinse into application equipment or a mix tank or store for later use or disposal. Repeat this procedure two times.
