**THE HORSEMAN'S  
FRIEND**

## **GENERAL DIRECTIONS**

Parsons Horse and Pony Spray is a specifically prepared ready-to-use product for use in conventional hand, power or automatic spray equipment.

Because some of the animals to be sprayed may become frightened by noise of equipment or spraying procedure, suggest a gradual introduction of application until animals are fully accustomed to spraying procedure. Use only as directed on this label. Do not apply to animals that are sweaty or extra warm, always wait until animals are cooled off and calm before spraying. Before applying any spray be sure animals are cleaned and hair is free from any foreign materials.

## **Use and Directions for Application**

For repelling (Stable, Horn and House Flies and Mosquitoes), on Horses and Ponies. These insects will attack or light on any areas left unsprayed. Spray thoroughly covering all parts of the animal, especially legs, neck and along back, once or twice daily or as often as necessary.

**CAUTION:** Harmful if swallowed. Do not breath spray mist. Spray away from eyes. Keep container closed. Do not pour, spill or store near heat or open flame. Avoid contamination of feed and food stuffs.

Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

**DO NOT RE-USE EMPTY CONTAINER.** Destroy it by crushing. Bury or discard in a safe place.

**NOTICE TO PURCHASER** — Parsons Chemical Works, Inc. or seller makes no warranty, expressed or implied concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and, or handling of this material when such use and or handling is contrary to label instructions.
