

Parsons

PARSONS HEAVY DUTY BUG KILLER kills tough insects on contact, yet kills for weeks later due to its residual control. Penetrating action kills bugs behind walls and in crevices where they hide.

DIRECTIONS

SHAKE BEFORE USING. Point valve opening away from face and push button, holding container as upright as possible. Hold dispenser about 12 inches from surfaces being sprayed and spray until surface is wet. Avoid wetting asphalt tile, rubber and plastics. For inside space spraying use **PARSONS HOME AND GARDEN** Bug Killer.

FLYING INSECTS: Hornets, Bees, Boxelder Bugs, Wasps, June Beetles. For Outdoor use, spray screens, doors, window frames, eaves, or wherever insects may enter the house. Also spray around light fixtures on porches, in garages and other places where insects alight or congregate. Retreat as required.

CRAWLING INSECTS: Spiders, Roaches, Ants, Scorpions, Carpet Beetles, Earwigs, Silverfish, Crickets: Spray thoroughly, wetting cracks and crevices around baseboards and other hiding places. Spray directly on bugs when they appear. Apply spray to all points of entry and trails for ants and other bugs residing outside the premises. For Carpet Beetles: Spot treatment of infested areas beneath carpets, and infested areas only on the top surfaces of carpets, or other woolen floor coverings; repeating the spraying as required.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

DANGER: Extremely flammable, contents under pressure. Do not use near fire, heated surfaces, sparks, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130° may cause bursting.

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. If swallowed, induce vomiting immediately. Get medical attention. Avoid breathing of spray mist or contact with skin. Wash thoroughly with soap and water after handling and before eating or smoking. Do not smoke while using.

Do not spray humans, pets, or plants. Do not allow children or pets to contact treated surfaces until dry. Do not spray more than 1½ minutes in an average room. Remove pets, plants and cover fish bowls before spraying.
