**CAUTION**  
KEEP OUT OF REACH  
OF CHILDREN

See side panel for  
additional cautions

NET WEIGHT  
1 Lb. — 453.6 Gms.

### DIRECTIONS

To measure, hold nozzle 12 inches up and spray away from you.  
For a veranda or side room, spray upward with sweeping motion for 10 or 15 seconds. For best results, keep room closed for 10 to 20 minutes after spraying. Do not re-occupy room during this time. Ventilate the area after treatment is completed.

### FLYING INSECTS

Flies, Mosquitoes, Small Flying Moths, Sand Flies, Gnats, Wasps, Hornets: Spray toward center of room with nozzle directed toward flying insects. Repeat as necessary.

### CRAWLING INSECTS

Roaches, Waterbugs, Silverfish, Spiders: Direct spray toward base of wall or along cracks of wallpaper. Wait 10 to 15 minutes before re-occupying room.

Fleas: Direct spray toward base of wall or along cracks of wallpaper. Repeat as necessary.

Clothes Moths: Spray directly on clothes and fabric. Wait 10 to 15 minutes before re-occupying room. Repeat as necessary.

**Ants:** Spray into ant trails. When possible, apply directly to nest.

**Bedbugs:** To kill bedbugs, spray on crevices of mattresses, springs, cracks of bed boards, bedroom furniture, where bedbugs may hide. Repeat as necessary.

### CAUTION

Do not use with a pump or fogger. Avoid contact with skin. Do not spray directly at the face. Rinse eyes with water.

Keep out of reach of children. Do not use in bedrooms.

Avoid contact with eyes. If contact occurs, flush eyes with water. If irritation persists, consult a physician. Do not use in areas where children play. Do not use in areas where food is prepared or stored.

**NON-WARRANTY** Buyer assumes responsibility for proper use of this product. No warranty is made for results obtained from use of this product.

**WARNING** Do not use in areas where children play. Do not use in areas where food is prepared or stored. Do not use in areas where pets are kept.
