ORCHARD SPRAY OIL 75

(SUPERIOR DORMANT TYPE)

INGREDIENTS: ACTIVE Petroleum Oils 99.25% by wt.

INERT:75% by wt.

Total 100.0% by wt.

Unsulfonated Residue Of Petroleum Oils 95% Minimum (ASTM)

USE: This product is a dormant oil spray for use on fruit trees and shrubs to control scale, mites, and other insects. It is applied in late autumn or early winter when the trees are dormant. It is not effective against active insects.

Fruit Trees
Apply to the bark of the trunk and major limbs of fruit trees and shrubs. Do not apply to the leaves or fruit. Apply in late autumn or early winter when the trees are dormant. Do not apply to trees that are stressed or have frost damage.

Mixing
Add the amount of product specified on the label to the amount of water specified. Mix thoroughly before use.

Do not reuse empty drum. Return to manufacturer for proper disposal.

CAUTION
KEEP OUT OF REACH OF CHILDREN
DANGER:

This product contains a petroleum distillate. Do not take internally. May be harmful or fatal if swallowed. If swallowed, do not induce vomiting. Call physician immediately.

NOTICE OF WARRANTY: This product is warranted to be free of defects in material and workmanship under normal handling conditions. The manufacturer is not responsible for damage to property or persons caused by the use of this product.
