CAUTION
KEEP OFF OF REACH
OF CHILDREN

DIRECTIONS

Remove children, pets or fishbowls from the quarters, cover foods and any utensils that may be used for foods.

ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS: Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required. Do not spray foodstuffs or house plants. Do not allow children to contact treated surfaces until surfaces are completely dry.

BROWN DOG TICKS: Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as re-infestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

FLEAS, ANTS, BROWN DOG TICKS, CLOVER MITES, CRICKETS, EARWIGS, MILLIPEDS OUTDOORS: For treatment of localized infestations of these insects in outdoor areas or where these insects may enter the dwelling, spray infested areas thoroughly. For Ants, thoroughly wet hills and runways. Repeat treatment as necessary. Do not spray vegetation.

FLIES, MOSQUITOES, WASPS and FLYING MOTHS: Spray surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate. Repeat treatment as necessary.

ANDEX
PROFESSIONAL STRENGTH INSECTICIDE
MALATHION

Active Ingredients:	100%
Pyrethrins	0.050%
*Piperonyl Butoxide, Technical	0.125%
**Malathion	2.000%
Aromatic Petroleum Derivative Solvent	7.625%
Petroleum Distillate	90.200%

*Equivalent to 0.10 of (butylcarbity) (6-propylpiperonyl) ether and to 0.125 of related compounds.

**O, O Dimethyl dithiophosphate of diethyl mercaptosuccinate.

RESIDUAL SPRAY INSECTICIDE

A Quick Acting Surface Spray for Indoor and Outdoor Use in Homes, Institutions, Restaurants and Food Processing Plants.

For Control of Roaches, Ants, Spiders Crickets, Clover Mites, Carpet Beetles and Brown Dog Ticks. Residual Deposits Effective Against Resting House Flies, Wasps and Mosquitoes.

CAUTION

May be harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should be avoided. Do not use as a space spray.

Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. This product is toxic to fish.

Do not apply when weather conditions favor drift from areas treated. Keep out of any body of water. Do not contaminate lakes, streams or ponds by cleaning of equipment or disposal of wastes.

Do not reuse empty container. Destroy by perforating or crushing and burying in a safe place, or return to drum reconditioner.
