APPLY IN SHORT BURSTS

To Kill Flies, Mosquitoes, Small Flying Moths and Gnats: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and destroy fallen insects.

To Kill Cockroaches, Ants and Crickets Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected of hiding. To kill ants, treat floors, around window frames, ant trails and other areas of entry. Repeat as necessary.

CAUTION: Keep out of reach of children

See a Kanel for additional contact information.
