DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USE. HOLD CONTAINER UPRIGHT.
APPLY IN SHORT BURSTS.

To Kill Flies, Mosquitoes, Small Flying Moths and Gnats: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before reentry. Sweep up and throw away fallen insects.

To Kill Cockroaches, Ants and Crickets: Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected of hiding. To kill ants, treat doors, around window frames, ant trails and other areas of entry. Repeat as necessary.

STORAGE: Store in a cool dry area (preferably locked) inaccessible to children and pets and away from heat, open flame or other sources of heat or ignition. **DISPOSAL:** Replace cap, wrap container and put in trash collection. Do not incinerate or puncture.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist. Avoid contact with skin, eyes and clothing. Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover exposed food. Remove pets, birds and cover fish aquariums before spraying.

Statement of Practical Treatment

If In Eyes: Flush with plenty of water. Get medical attention... if irritation persists. **If On Skin or Clothing:** Remove contaminated clothing. Wash skin with soap and water. Get medical attention if irritation persists. **If Inhaled:** Remove person to fresh air if effects occur, and call a physician. **If Swallowed:** Contact a physician or poison control center immediately. Do not induce vomiting due to aspiration hazard.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
