ONE GALLON

Product No. **ODS-3**

# DISINFECTANT - CLEANER (Odorless) SPRAY OR SCRUB

Contains a wetting agent for better penetration and cleaning while disinfecting

## DIRECTIONS

**SANITIZING, CLEANING and DEODORIZING:** Spray or wash with 2 ounces ODS-3 to each gallon of water without the addition of any other cleaner or soap product.

**DISINFECTING:** Repeat operation using a fresh solution of 3½ oz. ODS-3 to each gallon of water.

Pay particular attention to points of body contact. Hand-rails, door knobs, telephones, should receive regular attention as well as the important washroom.

It is preferred to leave the articles disinfected moist, instead of wiping dry.

ODS-3 will not deteriorate in storage or after being frozen.

## ACTIVE INGREDIENTS

Methyldodecylbenzyl trimethyl ammonium chloride 80%. Methyldodecylxylylene bis (trimethyl ammonium chloride 20%) . . 1.5%.

## INERT INGREDIENTS

\*Water and octyl phenoxy polyethoxyethanol 98.5%. ODS-3 when tested by A. O. A. C. Method is guaranteed to have:

A phenol coefficient of 3.7 against SALMONELLA TYPHOSA.

A phenol coefficient of 6 against STAPHYLOCOCCUS AUREUS.

\* Includes special compatible detergents.

## RECOMMENDED USES

ODS-3 is effective against antibiotic resistant strains of Staphylococcus Aureus and is recommended for general disinfecting and sanitation in Schools, Industrial Plants and Institutions. It is effective in controlling odor and/or bacteria in Washrooms as well as other problem areas.

Its definite bacteriological value assures maximum results. ODS-3 is fortified with a powerful detergent. This plus value permits higher permeating and penetrating power and aids in cleaning.

ODS-3 should be used in your general cleaning and scrubbing operations.

## CAUTION

Keep out of reach of children.

ODS-3 Disinfectant may cause skin irritation or damage to the eyes. Harmful if swallowed. Avoid contact with skin and eyes. Do not take internally. For eyes, flush immediately, with plenty of water and get immediate medical attention. Avoid contamination of food.
