INSTRUCTIONS ON YOUR MONEY BACK
If not satisfied, return to manufacturer for full refund.

DIRECTIONS

Use throughout the house . . . place one or two baits 6 to 10 inches where roaches are noticed. Additional baits should be scattered around the house.

For ants, treatment should be made only when ants are active.

T.N.T. bait** is a sound treatment for insects preceded by good sanitation practice. It provides a clean, odorless and easy to use way of fighting roaches, ants, waterbugs, silverfish. Keep out of the reach of children.

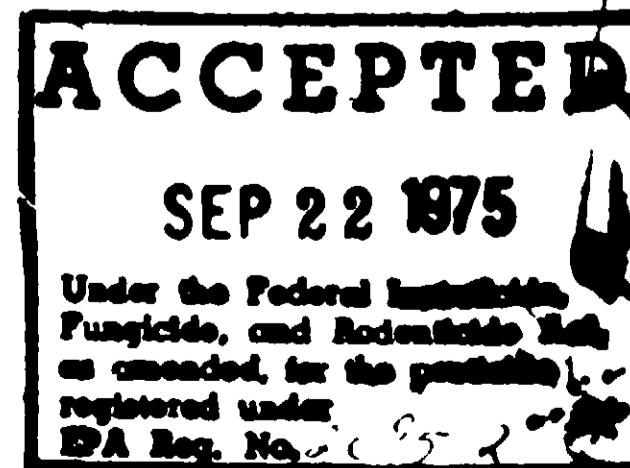

This product is toxic to fish, birds, and other wildlife. Treated bait exposed on soil surface may be hazardous to birds and other wildlife. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

ACTIVE INGREDIENTS:

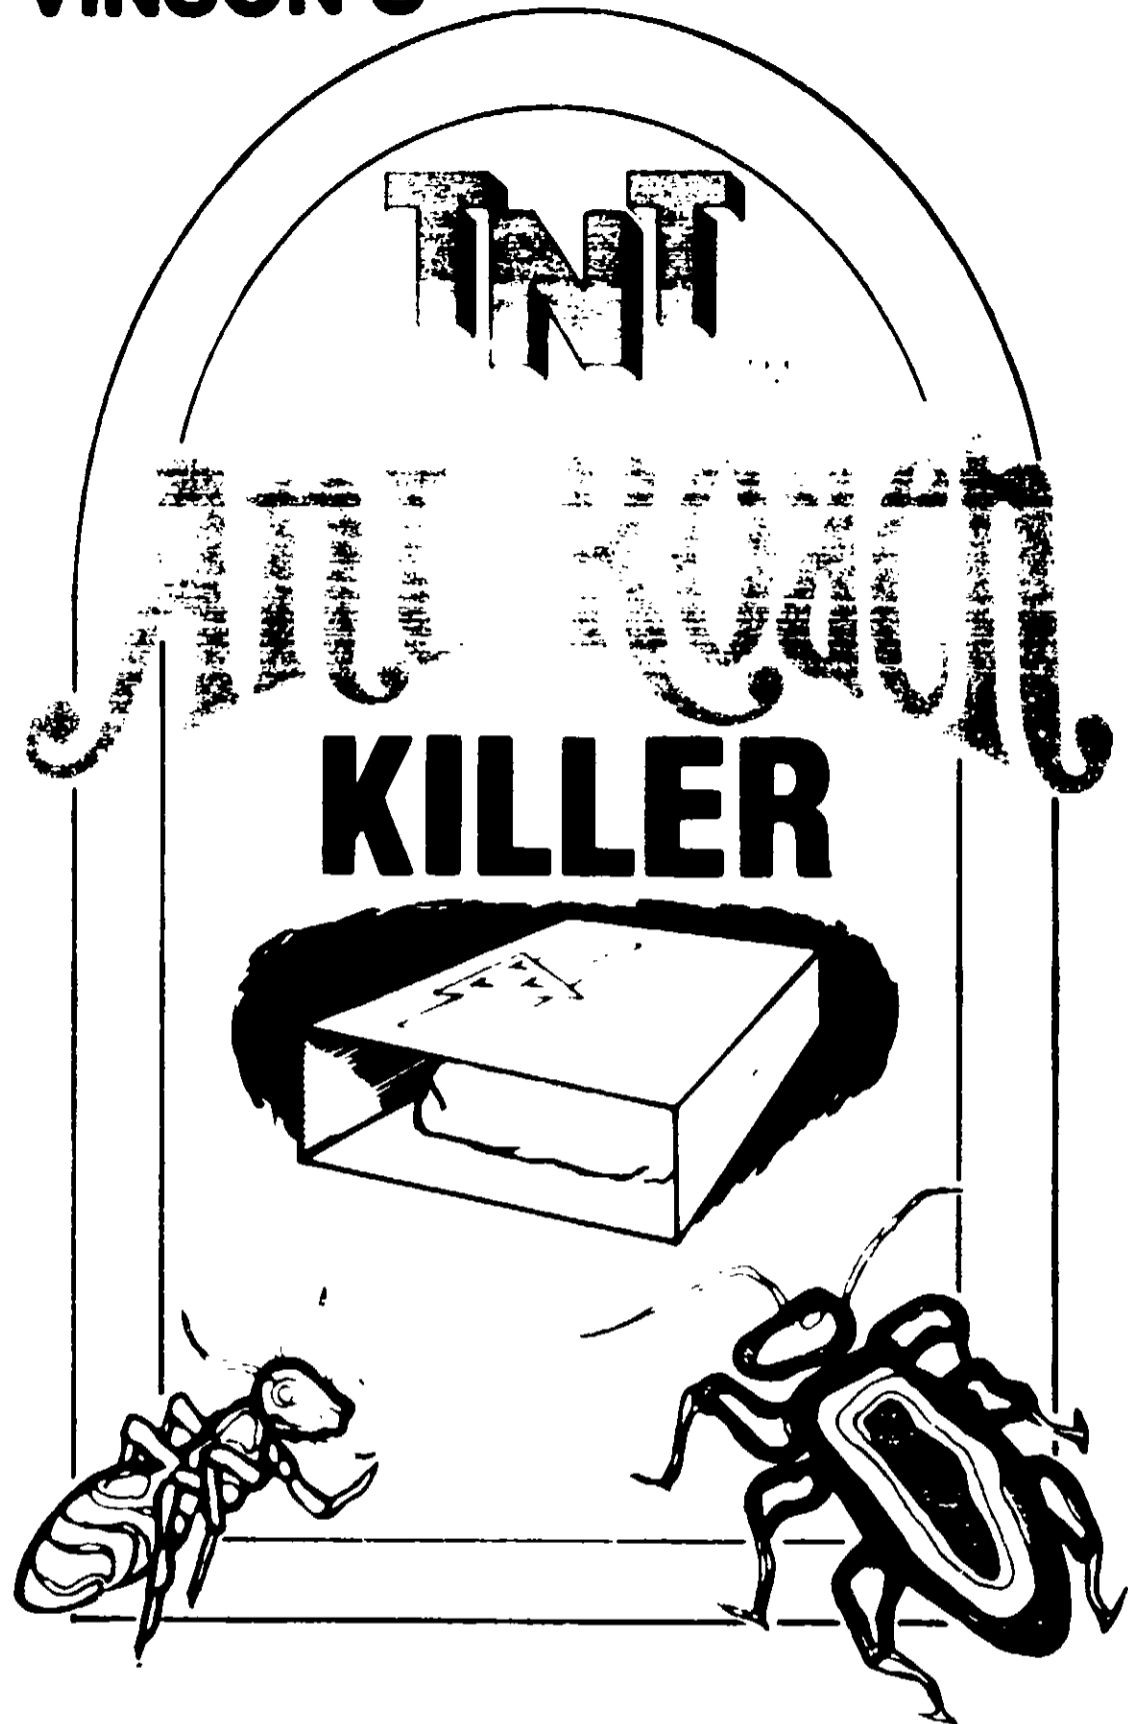

Decachlorooctahydro - 1,3,4,-metheno-2H
cyclobuta (cd) pentalen-2-one*...0.125%
INERT INGREDIENTS.99.875%
Total100.000%

*Kepone is a Reg. T.M. of Allied Chemical Corp., Pat. Reissued #24,749 E.P.A. Reg. No. 2095-2 **Vinson's Formula
E P A St. N. 2095-FI-1

T.N.T. ANT & ROACH KILLER provides consistent killing power because it lasts for months. The bait hive attracts the insects and then disappear to die.
