US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460	EPA REGISTRATION 2097-19	DATE OF ISSUANCE APR 6 1987
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION <i>(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)</i>	NAME OF PESTICIDE PRODUCT Mycodex "14" Pet Spray	
	NAME AND ADDRESS OF REGISTRANT (Include ZIP code)	
<div style="text-align: center;">Beecham Laboratories 501 Fifth Street Bristol, TN 37620</div> <div style="text-align: right; font-size: 2em; transform: rotate(-15deg);">No 189436 181</div>		
<p>NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:</p> <ol style="list-style-type: none">1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.2. Make the labeling changes listed below before you release the product for shipment:<ol style="list-style-type: none">a. Add the phrase "EPA Registration No. 2097-19."b. Delete all claims for 21-day flea and tick control in the name and labeling. The data submitted will support flea and tick control up to 14 days. Claims for up to 14 days of residual control on dogs and cats are acceptable.c. The submitted data indicate that it took an average of 96 pumps to treat the average dog in Group A. Many pumps malfunctioned before the contents of the container were completely dispensed. The product should be fitted with pumps capable of delivering much more pesticide than those used in the submitted study.

DIRECTIONS FOR USE

CATS AND DOGS

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Cover animal's eyes with hand and with a firm fast stroke, to get a proper spray mist, spray head, ears and chest until damp. With finger tips rub into face and around mouth, nose and eyes. Then spray neck, middle and hind quarters, finishing legs last. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On long haired pets, rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks. Repeat treatment as needed. Single treatment lasts up to 21 days.

PUPPIES AND KITTENS

Treat same as cats and dogs except nursing puppies and kittens, spray only along back or on your finger tips and rub in with your finger tips.

PETS SLEEPING QUARTERS

Spray around baseboards, windows, door frames, wall cracks and local area of floors. Repeat as needed. The pets bedding should be sprayed, making sure the area beneath the bedding is sprayed, too. After spray has dried, remove old bedding and replace with fresh bedding. Treat pets with one of our registered Flea and Tick Control products before allowing them to enter treated area.
