

**USE DIRECTIONS:**

Use at 2 ounces per gallon. Use a measuring cup graduated in ounces. This product will provide 500 ppm quaternary to the use solution. This is enough for general disinfection, fungicidal activity against pathogenic fungi and deodorizing. If a pseudomonicidal product is required, then 3 ounces per gallon will be required.

For heavy soil, a precleaning step is recommended, before using SC-10.

For best results, use SC-10 with a cloth or mop and apply to walls, floors, and other hard surfaces. If used for sanitizing food equipment or other food contact items, limit the level to 200 ppm of quaternaries (0.8 ounces per gallon).

When used as directed, SC-10 will deodorize those areas which generally are hard to keep fresh-smelling, such as **GARBAGE PAILS, SINK TOPS, and BATHROOM AREAS** which are prone to odors caused by the growth of some microorganisms. Rinse empty container thoroughly with water and discard it.

**SC-10**

**CLEANER                      DISINFECTANT**  
**DEODORANT                  FUNGICIDE**

**ACTIVE INGREDIENTS:**

- Alkyl (60% C<sub>14</sub>, 30% C<sub>16</sub>, 5% C<sub>12</sub>, 5% C<sub>18</sub>)  
                   dimethyl benzyl ammonium chlorides ..... 1.6%
- Alkyl (68% C<sub>12</sub>, 32% C<sub>14</sub>)  
                   dimethyl ethylbenzyl ammonium chlorides ..... 1.6%
- Sodium Carbonate ..... 3.0%

**INERT INGREDIENTS:** ..... 93.8%  
 ..... 100.0%

SC-10 is a cleaner, disinfectant and sanitizer designed for use in Hospitals, Institutions, Food Processing Plants, Public Buildings, Schools, Factories, Theatres, Airplanes, Buses. SC-10 is recommended for use on hard surfaces such as walls, floors, table tops, sinks and toilet bowls.

**WARNING**

**KEEP OUT OF REACH OF CHILDREN.** Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

**FIRST AID**

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, do not induce vomiting. Drink large quantities of fluid, and call a physician immediately.

**PHENOL COEFFICIENTS:**

- S. aureus      28
- S. typhosa    18
