

2098-29

DIRECTIONS

For fly control in horse barns and outside areas. Thoroughly clean barns, feed bins and troughs, removing manure, feed droppings and other waste. Remove manure piles often and spray piles regularly to keep fly population at a minimum. Time spent in a thorough cleaning operation will be well repaid. Use high fog electric sprayer preferably. Thoroughly spray walls and ceilings. Fog the entire area, filling the room with mist and keeping closed for 10 to 15 minutes.

HORSES AND COLTS: Horses should be sprayed lightly just before leaving the stable. Care should be taken to spray all parts of the animal. About 1 oz. of spray is sufficient for each animal. This treatment will repel horse flies, face flies and mosquitoes.

REPELOCIDE

A new insecticide formulation combining high kill and useful repellancy. Can be used on and around horses, colts, for the control of horse and face flies. Excellent for use in restaurants and food processing plants. Also use in corrals and horse barns. Kills and repels on contact.

Active Ingredients	100%
Butoxypolypropylene Glycol	5.00%
Technical Piperonyl Butoxide*	1.27%
Pyrethrins	0.13%
Petroleum Hydrocarbons	93.60%

*Equivalent to 1.016% of (butyl carbonyl) (6-propylpiperonyl) ether and 0.254% of related compounds.

For control of flies, roaches, waterbugs, silverfish, and spiders, thoroughly and repeatedly spray the infested area and surfaces. Work the spray into cracks and other hiding places. Spray the insects directly whenever possible. Repeat application at regular intervals. For controlling ants, thoroughly and repeatedly spray the infested area, working the spray into cracks and other hiding places. Spray ant trails and areas around door sills and window frames where the pests enter the premises. Repeat application at regular intervals.

Do not store near heat. Do not spray into open flames. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when plant is not in operation. Do not reuse container. Destroy it by perforating or crushing. Bury or discard in a safe place.

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes.

**CAUTION: KEEP OUT OF REACH OF CHILDREN.
HARMFUL IF SWALLOWED**
