**DIRECTIONS FOR USE**

Lawn Weed Killer kills the following weeds:

- |                    |                               |              |
|--------------------|-------------------------------|--------------|
| dandelion          | chicory                       | wild onion   |
| plantains          | English daisy                 | burdock      |
| curly dock         | spurge                        | wild garlic  |
| common chickweed   | purslane                      | poison oak   |
| mouseear chickweed | pepperweed                    | poison ivy   |
| stitchwort         | henbit                        | lawn burweed |
| dog fennel         | ragweed                       | hawkweed     |
| sheep sorrel       | pigweed                       | spurry       |
| clover             | knotweed                      | carpetweed   |
| knowel             | ground ivy (Creeping Charlie) |              |

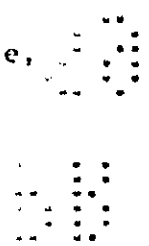

**WILL NOT BURN    CONSTANT FEEDING    GRADU-CAPSULE ACTION**

**TIMING OF APPLICATION:**

Apply Lawn Weed Killer when weeds are growing actively during April through October. Avoid application during hot, dry weather, since the effectiveness of any weed killer is greatly reduced when weeds are dormant.

**HOW TO APPLY:**

Apply Lawn Weed Killer when foliage is moist. Granules will adhere to foliage, killing weeds more quickly.

3

Application should be made carefully, being sure to cover area completely and evenly. LAWN WEED KILLER SHOULD NOT BE SPREAD WITHIN THE DRIPLINE OF SMALLER TREES ON LAWN.

**NEW LAWNS:**

Lawn Weed Killer should not be applied until new grass has been mowed at least twice.

**CAUTION:**

Apply on a calm day. LAWN WEED KILLER should not come in contact with flowers, shrubs, trees and tomatoes.

**SPREADER SETTINGS**

Be sure your spreader is properly calibrated so that the Wonder Gro product is applied according to directions. Also, walk at a normal pace. Too slow or too fast a pace means uneven distribution of product on the lawn.
