WONDERGRO

Summer Crabgrass Killer

WONDERGRO
Summer Crabgrass Killer

kills growing crabgrass plants

Also Kills Dallis Grass (*Paspalum*), Yellow Foxtail and Goose Grass (Immature)

DIRECTIONS FOR USE

Summer Crabgrass Killer must stick to the crabgrass leaves to be effective. If foliage is not moist, sprinkle with water before applying.

Use anytime crabgrass appears in lawn. If second treatment is necessary use one week later.

Temporary browning of desirable grasses may occur but will recover with watering.

Do not apply to newly seeded areas.

Do not sow grass seed for at least one week after applying.

Do not use on St. Augustine, Centipede, bahiagrass, or Carpetgrass.

CONTAINER DISPOSAL: Do not reuse empty container. Destroy it by burying with waste or burning. Keep out of smoke.

NOTICE: Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

SPREADER SETTINGS

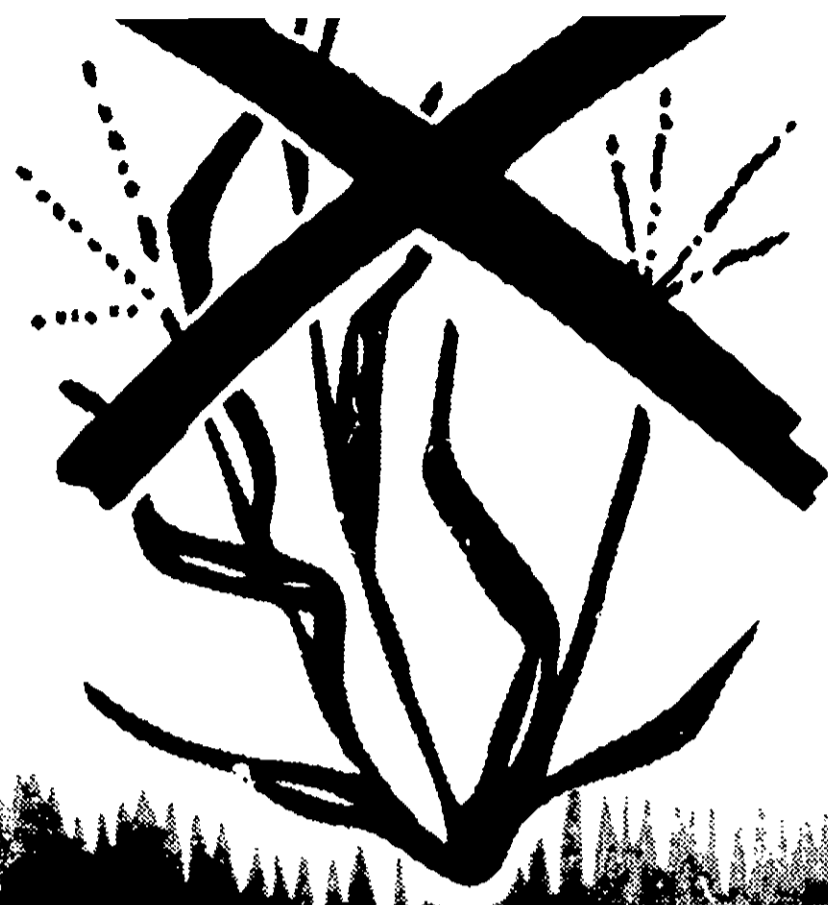

Be sure your spreader is properly calibrated so that the Wonder Gro Product is applied according to directions. Also, walk at a normal pace. Too slow or too fast will cause uneven distribution of product on the lawn.

	Regular Rate
SCOTT	6 1/4
JACKSON	6 1/2
LAWN BEAUTY	5

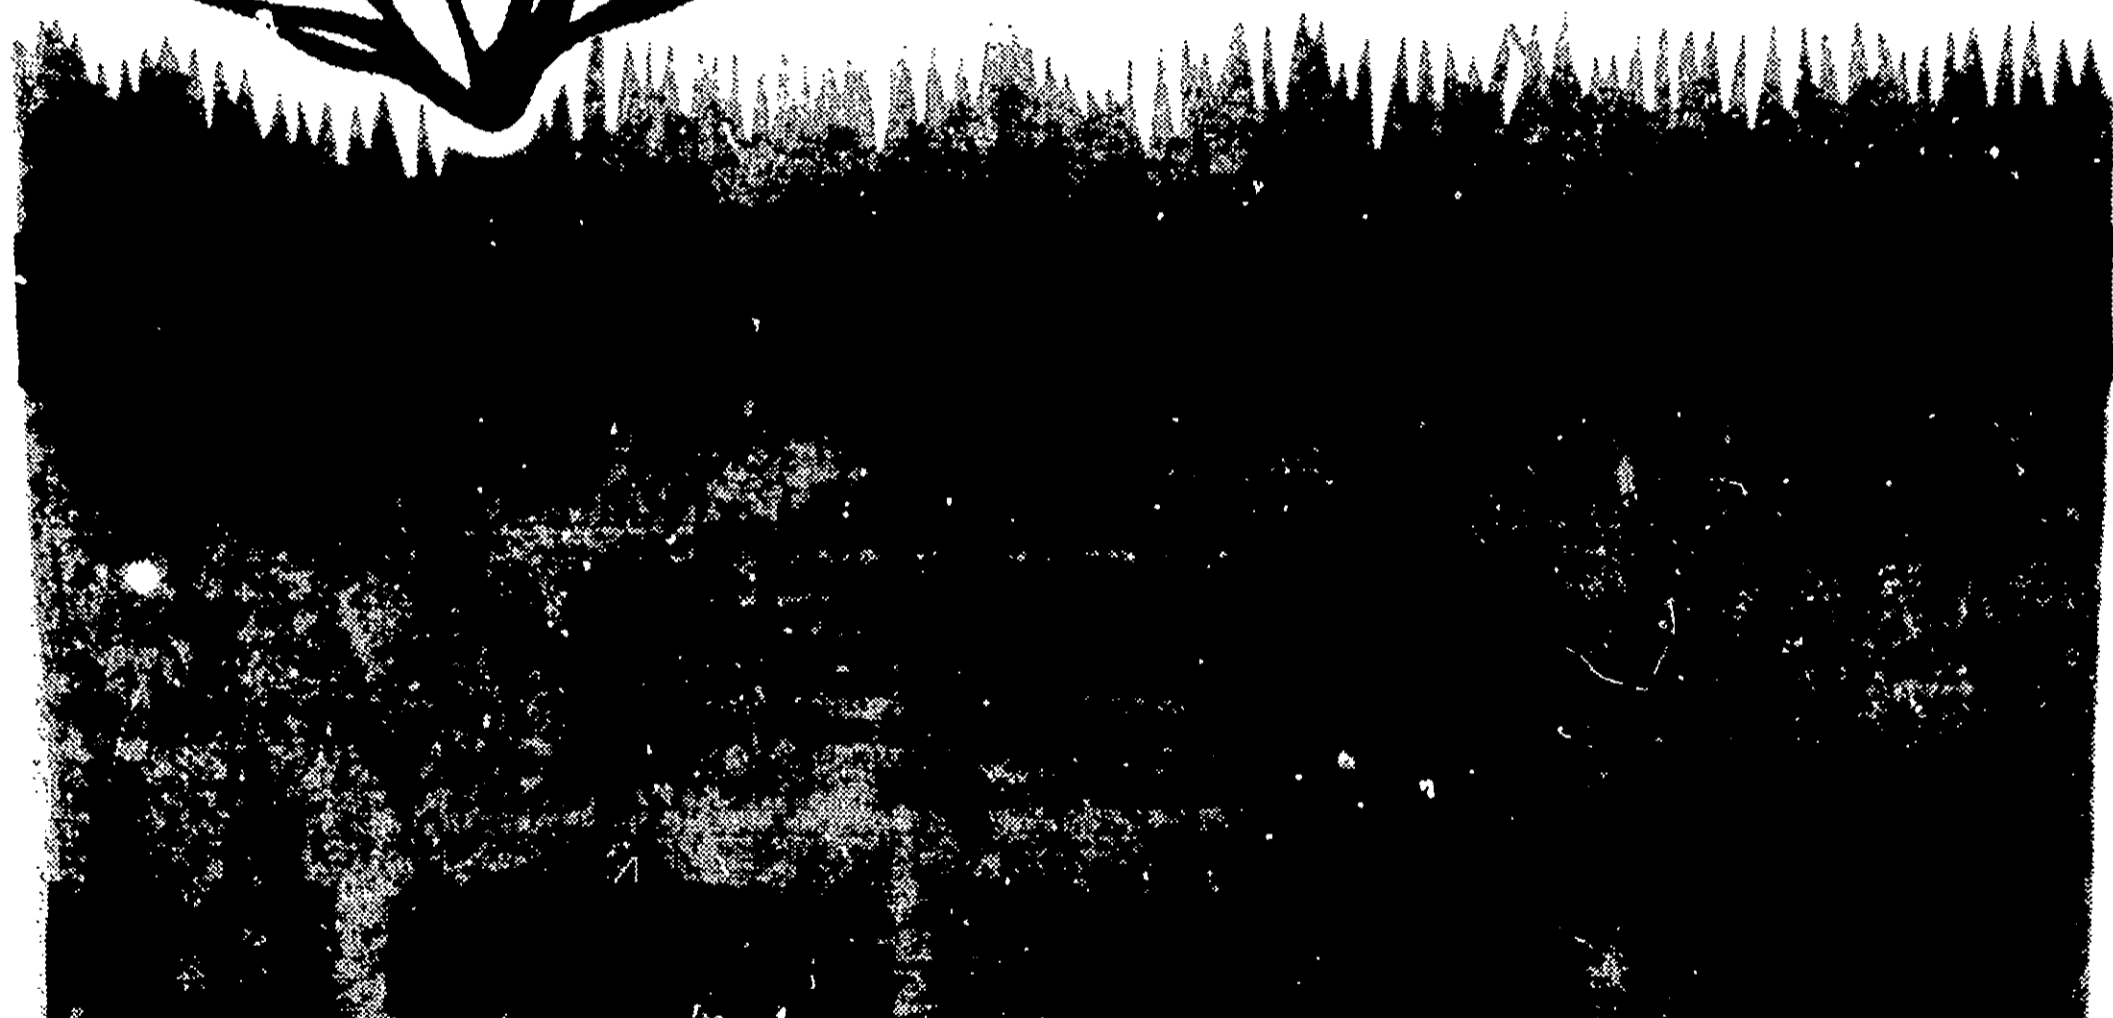

CAUTION:

Consult your dealer for settings for other spreaders.
