READ ENTIRE LABEL CAREFULLY BEFORE USE. OBSERVE ALL CAUTIONS. USE ONLY AS DIRECTED.

DIRECTIONS FOR USE

Mix with water as directed, and spray thoroughly lawns, turfs, ornamental plants to control insects listed. Apply uniformly covering both upper and under sides of foliage on plants. Retreat as necessary.

LAWNS, TURFS, GROUND COVERS

(including Bermudagrass, bluegrass, dichondra, ivy) For snails, slugs, armyworms, cutworms, millipedes, sod webworms (lawn moths), sowbugs (pillbugs). Mix 2 Tbsps in 1 gal water. Water area thoroughly before treating. Apply 1 gal spray mix per 150 to 180 sq ft of area treated. Soak turfs under infested plants to kill snails and slugs secluded in such spots. Keep children and pets off treated areas until spray has dried. **Note: Snails, slugs stop feeding soon after treatment but complete kill may be delayed two or three days.**

ORNAMENTAL PLANTS

Flowers, Shrubs, Vines, Shade Trees, Flowering Trees, Evergreens

Use 4 Tbsps per gal water for birch leaf miners, European pine shoot moth, leafhopper, loopers, lygus bugs, red-pine sawfly, tent caterpillars, thrips. Use 2 Tbsps per gal for aphids, armyworms, cutworms, mealybugs, mites, scale crawlers, soft scales, whiteflies.

Warning: Do not use on male fern fronds, host plant, or geranium warblers, etc. because of possible cause of light injury to bark on a growth of rose, phlox and petunia.

NOTE: If you or others acquire all new plants for your garden, get this material immediately and mix with directions given on this label.
