3% TECHNICAL CHLORDANE SURFACE INSECTICIDE

Active Ingredients—*Technical Chlordane	3%
Petroleum Distillate	97%
Perfume	Trace

100%

* Equivalent to 1.8% octachloro-4, 7-methano-tetrahydroindane and 1.2% of related compounds

DIRECTIONS

FOR HOUSE FLIES, WASPS and MOSQUITOES, spot spray or paint selected surfaces such as doors, around windows and areas frequented by these insects. Repeat as often as necessary to obtain the maximum value of this spray against these insects.

FOR ROACHES, WATERBUGS, SILVERFISH, ANTS, BOX ELDER BUGS, SPIDERS and CENTIPEDES, spray or paint thoroughly the infested cracks and hiding places such as baseboards, doorsills, window frames, basement water and heat pipes, storage areas, behind bookcases, shelving, etc. and the adjacent exposed surfaces where these insects crawl. Repeat as often as necessary to obtain effective control.

FOR CLOTHES MOTHS, thoroughly dampen all the clothing, blankets and other woollens to be protected, paying particular attention to the folds and seams, allow to dry and put into storage immediately. Treated clothing and bedding should be dry cleaned before use.

FOR MOTHS and CARPET BEETLES in rugs, spot treat the infested areas of the top surface and spray the underside thoroughly. Repeat as necessary.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

CAUTION- Keep out of reach of children.

Avoid contact with skin since this solution, if brought into contact with the skin, may cause toxic symptoms. In case of spillage on the skin, wash off with soap and water. Avoid breathing spray mist. Do not spray near an open flame nor on plants or foods. Harmful if swallowed. Remove birds and pets from rooms being sprayed. Cover fish bowls when spraying. In case any person is sensitive to this spray, it should not be used.

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place.

Do not use in commercial food preparation areas or in edible products areas of food processing plants.
