

Established 1881

HOFFMAN'S MOTH CRYSTALS

ACTIVE INGREDIENT: Paradichlorobenzene 100%

For the control of clothes moths, silverfish, their eggs and larvae, crush thoroughly the articles to be stored and place them in a trunk, chest or a tight box. Use one-half pound of crystals per 15 cubic feet of storage space and close the container tightly.

For clothes in storage closet, use the same quantity of crystals per cubic foot of closet space and sprinkle over the shelves and floor. Keep the closet door closed at all times and for at least 7 days after the addition of the chemical.

If the closet is opened occasionally, add more crystals at the above mentioned dosage level and keep the closet closed at all times and for at least 7 days after the addition of the chemical.

CAUTION -- Do not mix with other chemicals.
Do not use around foodstuffs.

CAUTION - Keep out of reach of children.
Do not reuse container. Destroy when empty.

Net Weight

1 lb. 2 oz.
