HOFFMAN'S LOUSE KILLER

For killing lice and fleas, on dogs and for lice on poultry, horses, beef and non-lactating cattle, hogs, goats and sheep.

DIRECTIONS

For Poultry Lice: Hold the bird by the legs with the head down, and dust the powder into the feathers thoroughly, especially around the vent, along the legs and under the wings. Dust setting hens every week up to four days before the chicks are expected to hatch, but do not dust the hen for two weeks after the chicks are hatched. The chicks may be dusted after they are two weeks old if they are dry and not kept in a close place after dusting.

Dust Bath For Poultry: Add 3½ pounds of the powder to a bushel of fine dust or ashes and keep this mixture in a box accessible to the birds at all times as an aid in the control of lice. As an additional aid, dust the powder into the nests at frequent intervals.

For Lice and Fleas on Horses, Beef Cattle, Non-lactating Cattle, Hogs, Dogs, Sheep and Goats: Dust the animals thoroughly, rubbing the powder against the hair and down to the skin especially along the spine, about the ears and shoulders and between the fore and hind legs, until it adheres. Continue the treatment at intervals of one week until the parasites are eradicated.

ACTIVE INGREDIENTS:	
Malathion (O-O Dimethyl phosphorothioate)	4%
Sulfur	20%
INERT INGREDIENTS	76%
	<hr/>
	100%

ACCEPTED
 MAR 3 1975

CAUTION: Keep out of reach of children. Avoid inhalation of dust. Avoid contact with skin. Wash thoroughly after using. Avoid contamination of feed or foodstuff.

CAUTION: Do not apply to non-lactating cattle within 2 weeks of freshening. Do not apply within 2 weeks of farrowing nor treat the floor of farrowing quarters within 4 weeks before use. Do not treat animals under 1 month of age. Do not use on cats or on milking goats.

CAUTION: This product is toxic to fish. Keep out of any body of water. Do not contaminate water by cleaning equipment, or disposal of wastes. Apply this product only as specified on this label. Do not apply where runoff is likely to occur.

Do not reuse empty container. Destroy it by burying with waste.
