

Carzol SP

MITICIDE/INSECTICIDE

Packed In Water Soluble Bags To Be Sold As One Unit Only
STORE IN A DRY PLACE AT A TEMPERATURE BELOW 125°F

E.P.A. REG. NO. 2139-99

ACTIVE INGREDIENT:
Formetanate hydrochloride* 92%

INERT INGREDIENTS: 8%

*N,N-dimethyl-N'-[3-[[[(methylamino)carbonyloxy] phenyl] methanimidamide monohydrochloride

POISON DANGER

KEEP OUT OF REACH OF CHILDREN

Not for use or storage in or around the home.
Call a physician immediately in case of exposure.

This product is poisonous if swallowed. Do not get in eyes, on skin or on clothing. Do not breathe dust or spray mist. Do not contaminate food and feedstuffs. Wear protective clothing, goggles and rubber (natural or synthetic) gloves when handling this material. Wash before eating or smoking. Wash contaminated clothing before re-use.
If exposure to dust or spray mist cannot be avoided wear a self-contained breathing apparatus.

DO NOT REUSE CONTAINER. DESTROY WHEN EMPTY

ANTIDOTES:

If swallowed—give a tablespoon of salt in a glass of warm water and repeat until vomit fluid is clear. Have patient lie down and keep quiet. Call a physician immediately. If on skin—wash immediately with soap and water. If in eyes—flush with water for at least 15 minutes and get medical attention.

NOTICE TO PHYSICIAN:

CARZOL SP is a carbamate which acts as a cholinesterase inhibitor.
Specific antidote—Atropine.
Do not use 2-PAM

See Side Panel For Additional Precautions and Directions For Use.

DANGER

This product is toxic to birds, aquatic life, and wildlife. Do not contaminate any body of water with this product. Apply only as specified on this label. In case of spill, do not burn or bury in non-crop land away from water supplies. Stay out of smoke. Do not reuse container. CARZOL SP is moderately toxic to honey bees. Avoid using where bees are active. Do not allow animals to graze in treated areas treated with CARZOL SP.

IMPORTANT: READ BEFORE PURCHASE OR USE

Purchase or use of this product shall constitute acceptance of the following terms of sale. NOR-AM Agricultural Products, Inc. (NOR-AM) warrants that this product conforms to the chemical descriptions on this label and is reasonably fit for the purposes specified hereon. By way of limitation but not in derogation of the directions and statements printed on this label, Seller makes no warranty and no representation and NOR-AM makes no further warranty or representation, expressed or implied, including but not limited to any warranty as to MERCHANTABILITY, and no agent of NOR-AM is authorized to do so except in writing, with a specific reference to the foregoing warranty. Since neither Seller nor NOR-AM has any control over the handling, storage, use or conditions of use of this product, Buyer or user assumes all risks and liability arising from handling, storage or use of this product under abnormal conditions or not in strict compliance with the directions and precautionary statements hereon. All claims related to the purchase, handling, storage or use of this product shall be barred unless written notice is received by NOR-AM within 30 days after the date of purchase. Liability of the Seller or NOR-AM for damages arising from a breach of contract shall be limited to the extent of consequential damages.

DIRECTIONS FOR USE

This package contains ten water soluble bags of Carzol SP each one containing 2 1/2 pounds of product. Carzol SP is completely soluble in water. Preparation of a pre-mix or slurry before adding to the spray tank is not necessary. Add the required number of soluble bags without opening them, directly to the spray tank while the tank is to be filled and the sprayer is running. Make sure that the bags are completely dissolved in the tank prior to adding any other material.

PRECAUTIONS

Do not handle bags with moist hands.

To protect unused bags from moisture, immediately close the outside bag after removing soluble bags and place the box in a dry place.

Do not expose bags to sunlight, heat or moisture.

NOTICE: CARZOL SP is not stable in alkaline water. Do not prepare the spray mixture or just before application. Do not prepare more spray mixture than will be used within 4 hours.

CROP	PEST	APPLICATION
ORANGES, LEMONS AND TANGERINES (California & Arizona only)	THRIPS	Use 8 oz. CARZOL SP per 100 gallons of water. Apply for outside coverage in 100 to 300 gallons of water per acre (1 1/2 to 1 1/2 lbs. CARZOL SP per acre) depending on the size of the trees. Repeat application as needed.
	RED MITE	Use 8 oz. CARZOL SP per 100 gallons of water. Apply in a full coverage spray in 700 to 1000 gallons of water per acre (3 1/2 to 5 lbs. CARZOL SP per acre) depending on the size of the trees.
ORANGES, LEMONS TANGERINES AND GRAPEFRUIT (in Florida)	RUST MITE	Use 1 to 2 oz. CARZOL SP per 100 gallons of water, apply in full coverage spray. Use 7 to 20 oz. CARZOL SP per acre depending on the size of the trees. Repeat application as needed.
ORANGES, LEMONS TANGERINES AND GRAPEFRUIT (in Texas)	RUST MITE	Use 2 to 4 oz. CARZOL SP per 100 gallons of water, apply in full coverage spray. Use 10 to 20 oz. CARZOL SP per acre depending on the size of the trees. Repeat application as needed.
APPLES AND PEARS	EUROPEAN RED MITE, TWO SPOTTED MITE	Use 4 to 8 oz. CARZOL SP per 100 gallons of water. Apply in full coverage sprays in 400 to 800 gallons of water per acre (1 to 4 lbs. of CARZOL SP per acre) depending on the size of the trees and severity of the mite infestation. Repeat application as needed.
PEACHES AND NECTARINES (West Coast only)	TWO SPOTTED MITE, EUROPEAN RED MITE, MCDANIEL MITE	Apply 4 oz. CARZOL SP per 100 gallons of spray (1 to 1 1/4 lbs. CARZOL SP per acre) when mites appear. Repeat as necessary.
NECTARINES (California only)	THRIPS	Apply 8 oz. CARZOL SP per 100 gallons of spray (2 lbs. CARZOL SP per acre) when thrips infest blossoms through petal fall. Apply at night or while bees are not working in the blooms.
PLUMS, PRUNES (West Coast only)	TWO SPOTTED MITE, EUROPEAN RED MITE	Apply 4 oz. CARZOL SP per 100 gallons of spray (1 to 1 1/4 lbs. CARZOL SP per acre) when mites appear. Repeat as necessary.
ALFALFA (Seed crop only, in Calif., Oregon, Washington, Idaho and Nevada. Use pre-bloom only on alfalfa in all areas except California.)	LYGUS BUGS	Use 1/2 to 1 lbs. CARZOL SP per acre. Apply when lygus bugs reach damaging numbers. Repeat application as needed. Consult your State Agricultural Experiment Station or State Extension Service Specialists for proper timing.
	CONSPERSE STINK BUGS (California only)	Use 1 lb. CARZOL SP per acre for knockdown of heavy nymphal population. A lygus control program will control stink bugs. When applied by air on alfalfa, use a minimum of 5 gallons per acre. When applied by ground use a minimum of 20 gallons per acre.

NOTE

To avoid excessive residues, observe the following limitations: CITRUS: Do not apply more than 5 lbs. CARZOL SP per acre in a 12 month period. Allow 10 days between applications, and 7 days before harvest. APPLES, PEARS: Do not apply more than 4 lbs. CARZOL SP per acre in one crop season. Do not apply less than 7 days before harvest. PEACHES: Do not apply more than 2 1/2 lbs. CARZOL SP per acre in one crop season. Do not apply less than 21 days before harvest. NECTARINES: Do not apply more than 4 lbs. per acre in one crop season. Do not apply less than 14 days before harvest. PLUMS, PRUNES: Do not apply more than 3 lbs. per acre in one crop season. Do not apply less than 7 days before harvest. ALFALFA (seed crop only): Use this product only on pure stands of alfalfa to be harvested for seed. Do not allow spray to drift onto adjacent crops. Do not spray while bees are foraging. Do not allow livestock to graze treated fields. Do not use treated crops for live stock feed. Crop residues are not to be fed to livestock or baled for such use. Fields treated with CARZOL SP must be cleared after harvest by burning or by plowing into the soil. CARZOL SP does not control aphids. If aphids appear add an aphicide to the spray.
