

DIRECTIONS

For Cleaning and Disinfecting: Pour 8 ounces of Cleaner-Disinfectant into a bucket. Then add 10 quarts of warm water. Wet floors with the solution. Allow to remain thereon for about 5 minutes. Mop up loosened dirt. Rinse freely.

For Disinfecting Rest Rooms, Urinals, Sinks, Sick Rooms, Bed Pans, and Garbage Cans in Homes, Hotels, Motels, Schools and Public Places. Remove dirt from surface to be disinfected. Pour 2 ounces of this product into a one gallon pail and fill with water. Stir before using. With this solution you can wash or rinse using a rag or sponge. This same solution can be used to spray or mop floors.

For Disinfecting Toilet Bowls: Add 1½ ounces of product to water in bowl. Stir and swab entire inner surface of bowl.

CAUTION: AVOID GETTING CONCENTRATE IN EYES.

Harmful if swallowed. Avoid contact with skin. In case of contact, wash thoroughly with water. If irritation persists, get medical attention.

Avoid contamination of food.

Rinse empty container thoroughly with water and discard it.

KEEP OUT OF THE REACH OF CHILDREN.
