OCT - 5 2000

John Walker  
I. Schneid  
1429 Fairmont Ave., N.W.  
Atlanta, Georgia 30318-4153

Dear Dr. Walker:

SUBJECT: Label Amendment  
D-Weed-0 #4  
EPA Registration No. 2155-51  
Your Application Dated August 3, 2000 Responding  
to PR Notice 2000-3

The labeling referred to above, submitted in accordance with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records. Please submit one (1) final printed copy for the above mentioned label, incorporating the above changes, before releasing the product for shipment.

Sincerely yours,

Joanne I. Miller  
Product Manager (23)  
Herbicide Branch  
Registration Division (7505C)

#### DIRECTIONS FOR USE

##### IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes. For use on plants in non-crop and non-timber areas only. Not for use on crops, timber, or other plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes.

**GENERAL WEED CONTROL:** To control most weeds and grasses on non-cropland areas, such as railroad right-of-ways and industrial sites, for an extended time, apply 43.5 gallons per acre of undiluted weed killer after the most predominant weeds have emerged. No agitation is required.

**NOTE:** Users should consult State Agricultural Experiment Stations or Extension Service Weed Specialists for recommendations as to use of this weed killer in their particular area.

**IMPORTANT:** Do not apply directly to or otherwise permit this weed killer to contact susceptible plants as this may injure cotton, beans, peas, grapes, flowers, fruit trees, ornamentals or other desirable plants. Avoid spray drift to such susceptible plants (coarse sprays are less likely to drift). Vapors from this product may injure susceptible plants in the immediate vicinity. Thoroughly clean spray equipment with a suitable chemical cleaner before using for other purposes (or do not use same equipment for other purposes). Do not store near fertilizers, seeds, insecticides or fungicides. Apply any time of year except when ground is frozen. Best results are obtained after predominant species are well established in late spring or early summer. Before treating, calibrate equipment to insure uniform coverage of the area to be treated. Measure out the proper amount and apply. Coarse sprays are less likely to drift. More than two (2) broadcast applications per site per year are prohibited.

**FOR CONTAINERS OVER 1 GALLON AND LESS THAN 5 GALLONS:** Persons engaged in open pouring of this product must also wear coveralls or a chemical resistant apron.

**FOR CONTAINERS 5 GALLONS OR MORE:** A mechanical system (probe and pump) must be used for transferring the contents of this container. If the contents of a non-refillable container are emptied, the probe must be rinsed before removal.

**EQUIPMENT:** This weed killer can be applied with railroad on-track, truck mounted or other standard spraying equipment. For treating small areas, tank-type hand sprayers or sprinkling can be used.

**NOTICE OF WARRANTY:** The manufacturer makes no warranties, expressed or implied, concerning the use of this product other than those indicated on the label. Purchaser assumes all risks of use and handling of this material when such use and handling are contrary to label instructions.

## FORMULA NO. 4

### Non-Selective Weed Killer

*Controls Weeds and Grasses by Contact and Root Action*

#### ACTIVE INGREDIENTS:

2,4-Dichlorophenoxyacetic acid 2-ethylhexylester \* ..... 1.09%

Bromacil (5-bromo-3-sec-butyl-6-methyluracil) ..... 0.98%

INERT INGREDIENTS: ..... 97.93%

TOTAL 100.00%

\* 2,4-DICHLOROPHENOXYACETIC ACID EQUIVALENT ..... 0.70%

FIRST!  
READ  
ENTIRE  
LABEL.

OBSERVE ALL WARNINGS AND FOLLOW DIRECTIONS CAREFULLY. USE ONLY IN CONFORMANCE WITH FEDERAL AND STATE REGULATIONS.

**KEEP OUT OF REACH OF CHILDREN  
WARNING**

MAY BE FATAL IF SWALLOWED, ABSORBED THROUGH SKIN,  
OR INHALED. CAUSES SKIN IRRITATION. SEE SIDE PANELS FOR ADDITIONAL PRECAUTIONS.

FOR COMMERCIAL AND INDUSTRIAL USE ONLY.  
NOT FOR USE ON AGRICULTURAL ESTABLISHMENTS.

2/4

**PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND  
DOMESTIC ANIMALS**

**WARNING:** May be fatal if swallowed, absorbed through skin or inhaled. Wear a mask or pesticide respirator jointly approved by the Mine Safety and Health Administration and the National Institute for Occupational Safety and Health. Causes skin irritation. When handling this product, wear long-sleeved shirt, long pants, socks, shoes, chemical resistant gloves and eye protection. It is recommended that safety glasses include front, brow and temple protection. After using this product, rinse gloves before removing, remove clothing and launder separately before reuse. Wash exposed skin thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove saturated clothing as soon as possible and shower. Do not breathe spray mist. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Avoid contamination of food and feed. Keep out of reach of domestic animals. Do not use on humans, household pets or livestock. Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment areas until spray has dried.

**FIRST AID**

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.  
**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.  
**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.  
**IF SWALLOWED:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

**HOT LINE NUMBER**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **FOR INFORMATION ON THIS PESTICIDE PRODUCT (INCLUDING HEALTH CONCERNS, MEDICAL EMERGENCIES, OR PESTICIDE INCIDENTS), CALL THE NATIONAL PESTICIDE TELECOMMUNICATIONS NETWORK AT 1-800-858-7378.**

**NOTE TO PHYSICIAN:** Aspiration hazard may contraindicate the use of gastric lavage.

**ENVIRONMENTAL HAZARDS**

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and non-target plants. Birds feeding on treated areas may be killed. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water when disposing of equipment washwaters.

Most cases of groundwater contamination involving phenoxy herbicides such as 2, 4-D have been associated with mixing/loading and disposal sites. Caution should be exercised when handling 2, 4-D pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing or transferring this pesticide will reduce the probability of spills. Placement of the mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination.

**STORAGE AND DISPOSAL**

- 1. PROHIBITION-DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE, DISPOSAL OR CLEANING OF EQUIPMENT. OPEN DUMPING PROHIBITED.**
- 2. PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law and may contaminate groundwater. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
- 3. CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and disposed of in a sanitary landfill, or by other procedures approved by state and local authorities.
