

CAUTION - FLAMMABLE MIXTURE: Do not spray into or near open flame. Do not smoke while spraying. This product is a highly effective formulation which provides rapid kill of crawling insects as listed below, including those resistant to certain chlorinated hydrocarbon and phosphate insecticides.

Ants, Brown Dog Ticks, Clover Mites, Crickets, Earwigs, Fleas, Flies, Millipedes, Mosquitoes, Roaches, Scorpions, Silverfish, Sowbugs, Spiders.

DIRECTIONS: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This insecticide is ready to use undiluted from the can and may be applied with either power operated or hand sprayers. Apply a coarse spray to infested surfaces until wet, moving the stream rapidly enough to prevent excessive wetting of surfaces and waste material. Direct spray away from people, plants and pets.

STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Do not contaminate food, feed, or water by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

RESTRICTIONS: Do not apply to rugs, carpets, draperies, wallpaper or similar materials that may be stained. Avoid excessive wetting of plastic, rubber and asphalt surfaces such as tiles and floor coverings. Do not allow the small, finger-operated, plastic attachment sprayer to remain in solution for extended periods as the plastic sprayer may be damaged. Do not use in the product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

INDOOR USE: Ants, Cockroaches, Crickets, Silverfish, Spiders, Scorpions, Waterbugs - Spray into cracks, crevices, around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves and in and around waste containers. For ants, spray trails and places where ants enter premises. Repeat as needed. Do not spray foodstuffs or house plants. Remove pets and cover fish bowls before spraying. Do not allow children to contact the treated areas until surfaces are thoroughly dry.

BROWN DOG TICKS: Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floor. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals.

OUTDOOR USE: Ants, Clover Mites, Crickets, Earwigs, Fleas, Flies, Mosquitoes, Millipedes, Sowbugs and Brown Dog Ticks - Spray infested areas thoroughly, including outside surfaces of screens, doors, window frames, foundations, patios or other places where insects may enter. For ants, spray hills and runways. Repeat as needed. Do not spray vegetation.

In addition to rapid kill, the solution stays on the treated surfaces and gives long residual activity. It is designed for use in food processing plants, warehouses, restaurants, motels, institutions and industrial plants.

CAUTION - FLAMMABLE - FIRST AID: Do not spray into or near open flame. Do not smoke while using. Keep container away from stoves, radiators and all other hot surfaces. May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should also be avoided. Wash thoroughly after using. Avoid contamination of food, utensils and food preparation areas. Should illness occur, get prompt medical aid.

NOTE TO PHYSICIAN: Atropine Sulfate is antidotal.

ENVIRONMENTAL HAZARDS: Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply when weather conditions favor drift from treated areas. Do not apply directly to water.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: May be fatal if swallowed. May be absorbed through skin. Do not breathe spray mist. Do not get in eyes, on skin or clothing. Wash thoroughly after handling. Avoid contamination of food and feed. Keep out of reach of domestic animals. Do not use on humans, household pets or livestock. Keep children and pets off treated areas until material is washed into the soil and grass is dry.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, promptly drink a large quantity of milk, egg whites, gelatin solution or, if these are not available, drink large quantities of water or other liquids. Avoid alcohol. Call a physician immediately.
