

When this product is used as directed, it will aid in controlling and/or preventing the development of unsanitary algae slime conditions which are unsightly, produce foul odors and are often the cause of equipment breakdown. This product is compatible with virtually all corrosion inhibition additives, but should not be used in the presence of soap or other anionic detergents. This product, at use dilution, is non-corrosive to inanimate hard surfaces.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER**

KEEP OUT OF REACH OF CHILDREN. Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin or clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water or Regional Office of the EPA.

ENVIRONMENTAL PRECAUTIONS (FISH AND WILDLIFE): This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public waters. Apply this product only as specified on this label.

STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use. PESTICIDE DISPOSAL: Pesticide wastes are acutely toxic. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Do not contaminate water, food or feed by storage or disposal. CONTAINER DISPOSAL: METAL CONTAINERS— Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. PLASTIC CONTAINERS— Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state or local authorities, by burning. If burned, stay out of smoke.

**W.T.C.
Algaecide
AND ALGAL SLIMICIDE**

ACCEPTED

JAN 16 2001

Under the Federal Insecticide, Fungicide, and Rodenticide Act, this pesticide is amended, for the purpose of registration, under FIFRA Reg. No. 2155-74

**CONCENTRATED ALGAECIDE FOR INDUSTRIAL
RE-CIRCULATING WATER COOLING TOWERS**

**HELPS KEEP WATER COOLING TOWER SYSTEMS
CLEAR AND FREE OF VISIBLE ALGAE SLIMES**

ACTIVE INGREDIENTS:

n-Alkyl (60% C14, 30% C16, 5% C12, 5% C18)
dimethyl benzyl ammonium chlorides 5.0%
n-Alkyl (68% C12, 32% C14) dimethyl
ethylbenzyl ammonium chlorides 5.0%

INACTIVE INGREDIENTS: 90.0%
TOTAL 100.0%

DANGER: KEEP OUT OF REACH OF CHILDREN
SEE RIGHT PANEL FOR ADDITIONAL PRECAUTIONS.

NOT FOR SALE TO OR USE BY HOMEOWNERS OR RESIDENTIAL USERS.

DIRECTIONS
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT
IN A MANNER INCONSISTENT WITH ITS LABELING.

Begin treatment when the system is in jeopardy of becoming affected or after cleaning system efficiency is already impaired.

INITIAL DOSE: 1-2 gallons solution to each 5,000 gallons of water contained in the system (20-40 ppm active quaternaries). Repeat until control is evident.

PERIODIC DOSE: When system is in control, add 1-3 quarts solution to each 5,000 gallons of water (5-15 ppm active quaternaries) contained in the system every 7 days or sooner should visible growth appear.

For best results, clean heavily contaminated systems before treatment with this product. If soap or anionic detergent is used, rinse thoroughly before charging with this product. Apply solution at a point in the system where uniform mixing will take place. Do not be alarmed with the sudden appearance of organic debris in the system during the first week of operation. This is normal and is a good indication that the solution has effectively penetrated and dislodged dead organic material which adheres to metal and wooden surfaces. This debris should be removed from the system to avoid clogging of screens and pipes.

Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. FOR INFORMATION ON THIS PESTICIDE PRODUCT (INCLUDING HEALTH CONCERNS, MEDICAL EMERGENCIES, OR PESTICIDE INCIDENTS), CALL THE NATIONAL PESTICIDE TELECOMMUNICATIONS NETWORK AT 1-800-858-7378

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.
