

# Liquid VIII CONCENTRATE

## Non-Selective Water Soluble Weed Killer

EACH GALLON CONTAINS 0.20 LBS./GAL. BROMACIL.

### ACTIVE INGREDIENTS:

Lithium salt of bromacil (5-bromo  
-3sec-butyl-6-methyluracil) ..... 2.44%

INERT INGREDIENTS: ..... 97.56%

TOTAL 100.00%

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

**If On Skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

**If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to by poison control center or doctor.

For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Telecommunications Network at 1-800-858-7378. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

**SEE SIDE PANELS FOR ADDITIONAL PRECAUTIONARY STATEMENTS  
FOR COMMERCIAL AND INDUSTRIAL USE ONLY.  
NOT FOR USE ON AGRICULTURAL ESTABLISHMENTS.**

### GENERAL INFORMATION

**GENERAL PRECAUTIONS AND RESTRICTIONS:** Do not allow this product to contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Do not enter or allow others to enter the treated area until sprays have dried. Not to be used in any recreational areas or in or around homes.

This concentrate is an effective general herbicide for use on non-cropland areas for control of brush and many annual and perennial weeds, and is particularly useful for control of perennial grasses. It is a water soluble liquid to be mixed in water and applied as a spray; this concentrate may be applied undiluted for basal (soil) treatment of brush. Effects are slow to appear and may not become apparent until the chemical has been carried into the root zone of the weeds by moisture. The degree of control and duration of effects will vary with the amount of chemical applied, soil type, rainfall, and other conditions.

**IMPORTANT:** Injury to or loss of desirable trees or other plants may result from failure to observe the following: Do not apply, or drain or flush equipment on or near desirable trees or other plants or on areas where their roots may extend, or in locations where the chemical may be washed or moved into contact with their roots. Do not use on lawns, walks, driveways, tennis courts, or similar areas. Prevent drift of spray to desirable plants. Do not contaminate domestic waters. Keep from contact with fertilizers, insecticides, fungicides, and seeds. Thoroughly clean all traces of this concentrate from application equipment immediately after use. Flush tank, pump, hoses, and boom with several changes of water after removing nozzle tips and screens (clean these parts separately).

### STORAGE AND DISPOSAL

**PROHIBITION: DO NOT CONTAMINATE FOOD, OR FEED BY STORAGE AND DISPOSAL. OPEN DUMPING PROHIBITED.**

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Waters resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** (metal containers) Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. (plastic containers) Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**NOTICE OF WARRANTY:** The manufacturer warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. It is not possible to eliminate all risks inherently associated with use of this product. Ineffectiveness or other unintended consequences may result because of such factors as presence of materials, or the manner of use or application, all of which are beyond the control of manufacturers. In no case shall the manufacturer be liable for consequential, special or indirect damage resulting from the use or handling of this product. All such risks shall be assumed by the user. Manufacturer makes no warranties of merchant ability or fitness for a particular purpose nor any other express or implied warrant except as stated above.

#### PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

**CAUTION:** Harmful if swallowed. Causes moderate eye irritation. Do not get on skin or clothing. Avoid contact with eyes, skin or clothing.  
**PERSONAL PROTECTIVE EQUIPMENT (PPE):** Applicators and other handlers must wear: Chemical-resistant gloves (Category A); Long-sleeved shirt and long pants; shoes plus socks.

**USER SAFETY REQUIREMENTS:** Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

**ENVIRONMENTAL HAZARDS:** Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

#### USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

#### DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes. For use on plants in non-crop and non-timber areas only. Not for use on crops, timber, or other plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes.

**GENERAL INSTRUCTIONS:** This product is a liquid non-selective, general herbicide which is designed to be used where control of all vegetation is desired. It produces rapid kill of all succulent vegetation. Translocation and root absorption produce extensive root kill of weeds and provides long term control. Sufficient moisture from rainfall or artificial means is necessary after treatment to carry the chemical into the roots of the weeds. This product is recommended for non-crop areas such as RAILROADS, HIGHWAYS, PIPELINES, TANK FARMS, LUMBER YARDS, FENCE ROWS and PARKING LOTS. This concentrate can be sprayed or sprinkled on. If sprayed, direct the spray to the soil at the base of the weeds and adjust for coarse spray to prevent drifting. Thoroughly clean spray equipment with a suitable chemical cleaner before using for other purposes or do not use same equipment for other purposes. Do not re-use this container for other purposes.

**APPLICATION INSTRUCTIONS:** For easy application and better penetration, dilute one gallon of concentrate to 9 gallons of water and apply as directed below.

**ANNUAL WEEDS AND GRASSES:** Such as Crabgrass, Foxtail, Ryegrass, Wild Oats, Broomgrass, Lambsquarter, and similar weeds. Use 10 gallons of the diluted concentrate per 1500 square feet (290 gal./acre).

**PERENNIAL WEEDS AND GRASSES:** Such as Smooth Brome, Quackgrass, Bluegrass, Purple Top Dandelion, Goldenrod, Wild Carrot and similar weeds. Use 10 gallons of the diluted concentrate per 800 square feet (544 gal./acre). No retreatment allowed within a twelve month period of application.

**HARD TO KILL PERENNIALS:** Such as Johnsongrass, Bermuda grass, Dallisgrass, Nutgrass, Saltgrass, Dogbane, Horsetail, Bracken Fern, and similar weeds. Use 10 gallons of the diluted concentrate per 800 square feet (544 gal./acre). No retreatment allowed within a twelve month period of application.

**RETREATMENT:** Apply 10 gallons of the diluted concentrate per 1,500 square feet when Annual Weeds and Grasses reappear.
