

WARNING: May be fatal if swallowed. Do not breathe spray mist. Do not get on skin, in eyes or on clothing. Wash thoroughly after using. To protect fish and wildlife, do not contaminate streams, lakes or ponds with this material. Do not store or use near heat or open flame. Do not allow children or pets on treated areas until grass is dry.

NON-WARRANTY: Seller makes no warranty of any kind, express or implied, concerning the use of this product. Buyer assumes all risk of use or handling, whether in accordance with directions or not.

ACTIVE INGREDIENTS

Texaphene, Technical Chlorinated Camphene containing 67 to 69 Chlorine	36.00
Pyrethrins	0.03
Technical Piperonyl Butoxide*	0.25
Petroleum Distillate	58.72

INERT INGREDIENTS

	5.00
*Equivalent to 0.20 butyl carbonyl 6-propyl piperonyl ether and 0.05 related compound	

PATTERSON'S

TURF INSECT KILLER

EMULSIFIABLE CONCENTRATE

WARNING:

Keep out of reach of children.
See other warnings on side panel.

CONTENTS: PINT

USDA Reg. No. 21 9-134

SAVING CHEMICAL

DIRECTIONS

To control sod webworms, chiggers, grasshoppers, ants, earwigs, chinch bug, sow bug, box elder bug, armyworm, cutworm and spittle bug in lawns or turf, apply with any suitable spray equipment, using 1 pint of this concentrate mixed with sufficient water to cover 6,000 square feet (in most cases, mix 1 tablespoonful per gallon of water or 1 pint in 30 gallons). Do NOT apply water after application.

TIMING OF APPLICATION: When possible, apply at the beginning of a 48 hour period during which the lawn will not be watered and rain is not expected. Make an initial application ahead of any expected infestation and as required during infestations.
