

## DIRECTIONS

### For Use In The Home

TO CONTROL COCKROACHES AND WATERBUGS: Place the dust only in areas inaccessible to children and pets. Any powder visible after application is completed should be carefully brushed into cracks and crevices or else removed. Dust may be applied to surfaces behind sinks, refrigerators, stoves and cabinets that are not accessible to pets and children. Repeat the applications as necessary.

### For Use In Utility Buildings

TO CONTROL COCKROACHES AND WATERBUGS in Barns, Grain Bins, Sheep Folds, and Food Waste Garbage Areas: Apply Sodium Fluoride in cracks and crevices where insects hide or congregate using not more than 10 ounces per 1,000 square feet of floor space. Any powder visible after application should be carefully brushed into cracks and crevices or else removed. Do

not contaminate food or drinking water. Do not use in dairy barns and poultry houses. Use only in areas inaccessible to children and animals.

**WARNING:** May be fatal if swallowed. Do not breathe dust. Do not contaminate feed and foodstuffs. Keep out of reach of children and domestic animals. Do not reuse container. Destroy when empty by burying with waste or by burning (keep out of smoke).

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

**NOTE:** This Sodium Fluoride is tinted blue as a caution to prevent it from being mistaken for flour or other edible material.

**NOTICE:** Buyer assumes all risk and liability of use, storage, and/or handling of this material not in accordance with the terms of this label.
