

# NOPCOCIDE™ DS-649

INDUSTRIAL MICROBIOCIDES

FOR FORMULATING USE ONLY

**ACTIVE INGREDIENT:**

3, 3, 4, 4-Tetrachlorotetrahydrothiophene 1, 1-dioxide  
Other Chlorinated Thiophene Dioxides

92% Min.

8%

TOTAL 100%

EPA REGISTRATION NO. 2204-14

**DANGER: KEEP OUT OF THE REACH OF CHILDREN**

May be fatal or harmful if swallowed, inhaled or absorbed through skin. May produce chemical burns. Do not get in eyes, on skin, or on clothing. Avoid breathing dust. Wear rubber gloves and goggles when handling. Keep container closed. Wash thoroughly after handling.

FIRST AID: If swallowed, induce vomiting by sticking finger down throat or by giving soapy or strong salty water to drink. Repeat until vomit is clear. Call a physician. Never give anything by mouth to an unconscious person. In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Call a physician. Wash clothing before reuse.

This product is toxic to fish and wildlife. Treated effluent should not be discharged where it will drain into lakes, ponds, streams or public water. Do not contaminate water by cleaning equipment or disposal of wastes.

Do not reuse empty container. Destroy by perforating or crushing or burying in a safe place.

Refer to technical bulletin TPD-36 for use directions in formulating products to control bacteria in pulp and paper mill systems.
