STOP MILDEW & MUSTY ODORS

**DI-GAS STOPS MILDEW  
and MUSTY ODORS**

**LARGE SIZE -**

For Closets, Basements, Storage Rooms,  
Living Areas.

**JUNIOR SIZE -**

For Mattresses, Dresser Drawers, Fur-  
niture, Small closed areas.

**DIRECTIONS**

**Remove Cellophane to Activate**

**FOR CLOSETS -**

Hang cloth bag from clothes hanger.  
Separate garments slightly so DI-GAS  
vapor can circulate to shelf and floor.  
If closet is full, separate garments oc-  
casionally to allow circulation. Free cir-  
culation is necessary. Closet doors should  
be kept closed.

**FOR CAREFREE VACATION  
PROTECTION -**

Hang large DI-GAS bag in each closet.  
Place a DI-GAS bag in living room,  
bathroom and kitchen when leaving. All  
outside doors and windows must be  
kept tightly closed. Don't allow anyone  
to air out your house while you are  
away.

**FOR BASEMENTS, BOATS, ETC. -**

Hang a DI-GAS bag in each damp or  
musty corner. Allow free circulation.  
DI-GAS evaporates faster on rainy  
days. If odor is too strong DI-GAS is  
being wasted. To correct this, adjust  
cellophane over bag or put it in a  
grocery sack to slow evaporation.  
DI-GAS will not harm sunfast or

**USE DI-GAS JUNIOR TO STOP MILDEW  
AND MUSTY ODORS IN SMALL  
CLOSED SPACES**

DI-Gas Junior is made especially for use under  
mattresses, chair and divan cushions, (In un-  
occupied areas) in dresser drawers and similar  
small, closed storage spaces found in the home,  
on boats, in mobile homes, and in hunting and  
fishing lodges.

Orlando, Florida 32808  
U.S.A.

**DIRECTIONS**  
To use DI-Gas, remove clothing, hang that bag so it does not touch garments and so that its vapor can circulate freely. Insects, separate clothing occasionally so that DI-Gas vapor may permeate its contents. Keep the space tightly enclosed or sealed. Additional material should be added when the treated space is opened or unsealed. When closing your home or vacation dwelling, either hang a DI-Gas bag on a door knob or place in a saucer near the center of each room. A 4 oz. bag of DI-Gas will effectively protect 150 cubic feet (a room 9' x 15' x 7') of closed space.

may occur. Large DI-Gas is made especially to protect rooms, closets, boat cabins, mobile homes, hunting and fishing lodges and similar enclosures.
