GARDEN PROTECTOR

USES

GARDEN PROTECTOR may be used on vegetables such as tomatoes, potatoes, beans, cabbage, cauliflower, cucumbers, eggplant, melons, asparagus and flowers such as peonys and roses. Gives control of a wide variety of insects including bean leaf beetle, Mexican bean beetle, aphids, imported cabbage worms, flea beetle, cucumber beetle and Colorado potato beetle.

GARDEN PROTECTOR may be used with safety when applied as directed on the edible portions of vegetables and fruit, just prior to harvest. Remove dust residue by wiping or washing before eaten. GARDEN PROTECTOR will not injure tender plant foliage.

GARDEN PROTECTOR may be used effectively against fleas on dogs and cats. Dust sleeping quarters and replace with fresh bedding. Rub dust into hair or fur. Repeat as needed for control.

DIRECTIONS

AS A DUST - Apply with a dust gun or sift from the shaker top carton. Dust plant thoroughly, covering both upper and lower sides of foliage, covering all insects to be controlled.

AS A SPRAY - Stir four to six tablespoonfuls into a paste with a little water, then add sufficient water to make one gallon of spray. The mixture should be agitated occasionally to maintain an effective suspension. Spray plants thoroughly covering all insects to be controlled.

Seller makes no warranty of any kind, express or implied, concerning the use of this product. Buyer assumes all risk of use or handling whether in accordance with directions or not.

CAUTION: May cause irritation of nose and throat. Do not breathe dust. Harmful if taken internally. This product is toxic to fish. Keep out of lakes, ponds and streams. Do not apply to any area not specified on the label.
