SOIL TREATMENT FOR VEGETABLE GARDENS

Chlorogran 10 is a soil insecticide. It is used to treat areas for the control of insects in lawns. Do not apply when the soil is wet. Do not apply when weather conditions are such that the product will be washed off. Do not contaminate water by the product if used. Apply this product only to the soil.

This product is highly toxic to bees exposed to it. Do not apply to crops or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

Do not reuse empty container. Destroy it by burning. Stay away from smoke of fumes.

NOTICE: Seller warrants that this product conforms to the statement on the label. Since conditions of use, compatibility with other chemicals, and equipment used will vary, Seller makes no claim that this product will perform on this label.
