PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Avoid breathing spray mist. Avoid contact with skin, eyes, or clothing. When handling this product, wear chemical resistant gloves. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic invertebrates. Drift and runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

STORAGE: Store in original container in a locked storage area inaccessible to children and pets.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse container. Rinse thoroughly before discarding in trash.

OTHER USE PRECAUTIONS: Avoid drift of spray mist onto vegetables, flowers, ornamental plants, shrubs, trees and other desirable plants. Do not contaminate domestic or irrigation waters. Do not pour spray solutions near these plants. Whether using a hose-end sprayer or pressure-sprayer, do not use fine sprays because they can drift and cause damage to non-target plants. Coarse droplet sprays are less likely to drift. Use only lawn-type sprayers. Do not spray on bentgrass, carpetgrass, centipede, dichondra, St. Augustinegrass nor on lawns or turf where desirable clovers are present. Do not spray roots of trees and ornamentals. Do not exceed specified dosages for any area; be particularly careful within dripline of tree and other ornamental species. Do not apply this product through any type of irrigation system.

WHERE TO USE:

May be used on bluegrass, Bermuda and Zoysia lawns, vacant lots, playgrounds and other similar areas where HARD-TO-KILL weeds are present. Effective against these weeds such as SHEEP SORREL, KNOTWEED, SPOTTED SPURGE, CHICKWEED, OXALIS and HENBIT. In addition to these it kills a large number of weeds, some of which are listed below.

Buckhorn
Chicory
Clover
Dandelion
Dock
Ground Ivy
Heal-All
Lambsquarter

Mallow
Morningglory
Peppergrass
Pigweed
Plantain
Poison Ivy
Poison Oak
Purslane

Ragweed
Speedwell
Wild Carrot
Wild Garlic
Wild Lettuce
Wild Onion
Yarrow

WHEN TO USE:

Spray at any time during the growing season when weeds are actively growing. Treat Chickweed, Henbit, Wild Onion and Garlic in the fall and again in the spring if needed. On new grass lawns wait until the turf has reached a height of 2 inches before making an overall spray treatment. Spot spray weed treatment, however, may be made at any time with a small pressure sprayer spraying only the weeds at ground level. Wait 2 weeks before putting new grass seed or stolons down in the bare spots. Do not spray weeds during drought periods unless the lawn has been thoroughly watered 2-3 days before.

Do not allow spray to get on vegetables or ornamental plants since injury may result. Do not use on Centipede or St. Augustine Grass or on lawns or turf where desirable Bentgrass or Clovers are present.

HOW MUCH TO USE:

DANDELION AND BROADLEAF WEED KILLER contains Dicamba plus 2,4-D. IT IS NOT NECESSARY TO DOUBLE THE DOSE TO CONTROL HARD-TO-KILL WEEDS.

-TO SPRAY ENTIRE LAWN-

One pint covers up to 5,500 Sq. Ft. of Lawn Area. Dilute with water as indicated below.

Pressure Sprayers	Lawn Hose Sprayers*	Area to Spray
2 tblsp. in 1/2 gal.	2 tblsp. for 2 gals.	300 sq. ft.
4 oz. (8tblsp) in 1 1/2 gal	8 tblsp. for 6 gals.	1300 sq. ft.
8 oz. in 3 gals.	16 tblsp. for 12 gals.	2700 sq. ft.
1 pint in 6 gals.	1 pint for 24 gals.	5500 sq. ft.

*For Lawn Hose Sprayers dilute the amount shown above with enough water to fill the sprayer bottle to the 2 gal. level for 300 sq. ft. - to the 6 gal. level for 1300 sq.ft. - to the 12 gal. level for 2700 sq. ft.

-TO SPOT SPRAY WEEDS-

Lawn Hose Sprayers are not suited for this type of treatment. Use a hand pressure sprayer. Mix 8 oz. of this product in 3 gals of water and spray each weed to point of spray run-off.

Make sure to use a Spreader Sticker so that each weed will be thoroughly wet.
