

GORDON'S

**systemic
spray**
for flowers and ornamentals

How to Use: Pressure Sprayer — Use 1 tbsp. per gallon of spray (For 3 gallon sprayer add 3 tbsp.) & thoroughly mix. Add Gordon's Sta-Spray. Apply to foliage, stems and buds to cover as many insects as possible.

How to Use: Hese-End Sprayer — Add 1 tbsp. for each gallon to be sprayed. For six gallons spray add 6 tbsp. (3 oz.) to bottle and fill with water to 6 gallon level. Thoroughly cover all foliage.
3 tsp. = 1 tbsp., 2 tbsp. = 1 oz., 8 oz. = 1 cup, 2 cups = 1 pint

Do not handle treated plants until spray deposit has dried. Do not use on plants used for food or forage.

WARNING—FLAMMABLE! KEEP AWAY FROM HEAT OR OPEN FLAME.

This product is toxic to fish, birds and other wildlife. Keep out of lakes, streams, or ponds. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.
