

GORDON'S

wasp & hornet bomb

with dirt. Repeat as needed.

CLOVER MITES—Clover mites may invade the home in cool weather and appear on windowsills where they become unsightly. They do no harm but are extremely bothersome. Spray the outside windowsills only, also areas where the mites may enter porches, windows, and halls. Repeat treatment as needed. Do not apply to screens.

CAUTION

wasp & hornet bomb

DIRECTIONS FOR APPLICATION

—FOR HOME USE ONLY—

WASPS AND HORNETS—This product will spray and kill wasps and hornets in a single fast from the spray can. When wasps are known to be present, treat after dark when the nests are at the nest. Attempt to avoid stings. Repeat as needed for control. Treat digger wasp (Cicada) (Nests) entry ways into the soil after dark and seal the opening with dirt. Repeat as needed.

CLOVER MITES—Clover mites may invade the home in cool weather and appear on windowsills where they become unsightly. They do no harm but are extremely bothersome. Spray the outside windowsills only, also areas where the mites may enter porches, windows, and halls. Repeat treatment as needed. Do not apply to screens.

CAUTION

Harmful if swallowed. Keep out of reach of children. Avoid contamination of food and foodstuffs. Avoid inhalation and skin contacts; wash thoroughly after using. Do not use on household pets or humans. Remove pets, birds, and fish bowls before spraying.

WARNING: Contents under pressure. Do not use or store near heat or open flame. Exposure to temperatures above 133°F. may cause bursting. Never throw container into fire or incinerator.

NOTICE—Seller warrants that this product conforms to the ingredient statement on the label. Since conditions of use, such as weather, compatibility with other chemicals, and condition of application equipment will vary, Seller makes no claims other than those stated on this label.

COMBUSTIBLE MIXTURE—DO NOT SPRAY NEAR OPEN FLAME. DO NOT SMOKE WHILE USING. DO NOT USE NEAR THE HOOD.
