DIRECTIONS FOR USE

WHERE TO USE: BL 10,000 Lawn Weed Killer may be used on Bluegrass, Bermuda, br Zoysia lawns, vacant lots, playgrounds and other similar areas where hard-to-kill weeds are present. This product is especially effective on all types of hard-to-kill weeds such as HENBIT, CHICKWEED, KNOTWEED, SPOTTED SPURGE, OXALIS, BLACK MEDIC, and SHEEP SORREL. In addition to these, it controls most other broadleaf lawn weeds, including Dandelion and Plantain, and a partial list is given on the side panel. Do not allow spray to get on vegetables or ornamental plants since injury may result. Since Injury can be appeared when used on Cantingdages of Augustian grass lawns. expected when used on Centipede or St. Augustine grass lawns, "Spot-Spray" weeds only, Clover present will be damaged if sprayed.

WHEN TO USE: Spray at any time during the growing season when weeds are actively growing. Treat Chickweed, Henbit, Wild Onion and Garlic in the fall or in the spring, as needed. On new lawns wait until the turf has reached a height of 2 inches before making an overall spray treatment. "Spot-Spray" weed treatment, however, may be made at any time with a small pressure sprayer, spraying only the weeds at ground level. Wait 3 weeks before putting new grass seed or stolons down in the bare spots. Poor weed control may result if spray is applied during drought or just before rain. For best results mow before treating. Do not water lawn within 24 hours after treatment.

HOW MUCH TO USE-ENTIRE LAWK

HOSE-END SPRAYER: Use a hose-end sprayer HOSE-END SPRAYER: Use a hose-end sprayer designed for lawns. Put recommended amount of chemical (Column 1) In bottle and add water to indicated level (Column 2), and spray on area indicated. For example—to spray 1,700 sq. feet, measure 5 ozs. (I) tbsp.) in jar and add water to the 10 gallons level and mix. Turn on hose and spray as eventy as possible over 1,700. and spray as evenly as possible over 1,700

Col. 1		Çol. 2	Col. 3
	. 10,000	Fill	Area to
	Use:	Bottle To:	Treat:
	(Fl. Oz.)	(Gallons)	(Sq. Ft.)
1	1/2	1	170
2	1	2	340
5	24/2	5	850
10	5	10	1700
15	71/2	15	2550
20	10	20	3400
32	16	32	5440

PRESSURE SPRAYERS: Méasure indicated amount of chemical into tank and dilute with water according to the following chart. Use a spray pattern which gives small spray droplets without any fine mist and cover the area indicated:

Amt. BL 10,000 to Use:		Amt. of Water in Sprayer: (Gallons)	Area to be Sprayed (Sq. Ft.)
(Tbsp.)	(FI. Oz.)	(Gallons)	(Sq. Ft.)
2		1/2	335
4	2	1	670
8	4	2	1300
12	6	3	2000

MOTE: Whether using a hose-end sprayer or pressure sprayer, avoid sprays which are too fine because they can drift and damage ornamental or garden plants.

HOW MUCH TO USE: SPOT SPRAY To spray small areas or individual weeds, do not use hose-end sprayers. Mix 1 oz. (2 tbsp.) in ½ gal, water in pressure sprayer and spray as required being certain to "wet"

HOW MUCH TO USE—ENTIRE LAWN: Apply BL 10,000 at the rate of 1 gallon per acre (or 1 quart per 10,880 sq. ft.) in sufficient water for adequate coverage.

NOSE END SPRAYER—Use sprayer designed for lawns. Put recommended amount of Chemical in sprayer bottle and add water to indicated level and spray on specified area. PRESSURE SPRAYERS—Mix 2 ft. oz. (4 tbsp.) in each gallon of water and uniformly spray each gallon of dilute spray on about 675 sq. ft. of lawn.

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin, and clothing. In case of contact, flush with water. Avoid contamination of feed or foodstuffs.

Avoid drift of spray mist onto vegetables, flowers, ornamental plants, shrubs, trees, and other desirable plants. Do not contaminate domestic or irrigation water. Do not pour spray other desirable plants. Do not contaminate domestic or irrigation water, by not pool spiral solution near these plants. Do not store in contact with fertilizers, seeds, insecticides, or fungicides. Do not spray on carpetgrass, dichondra nor lawns or turf where desirable bentgrass or clovers are present. Use only lawn spayers. Coarse sprays are less likely to drift. Do not apply to areas underlaid by roots of desirable trees and shrubs. This product may be injurious to St. Augustine grass.

DO NOT REUSE CONTAINER. WHEN EMPTY, WASH THOROUGHLY AND DESTROY. DO NOT BURN. NOTICE: Seller warrants that this product conforms to the ingredient statement on the label. Since conditions of use, such as weather, compatibility with other chemicals, and condition of application equipment will vary, Seller makes no claims other than those stated on this label.
