PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin or clothing. Wear goggles when applying this product. When using this product, wear long-sleeved shirt, long pants, socks, shoes and rubber gloves.

After using this product, rinse gloves before removing, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and shower.

Statement Of Practical Treatment

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

IF IN EYES: Flush eyes with plenty of water. Get medical attention.

[OPTIONAL CONSUMER ACCESS TELEPHONE NUMBERS:] For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Telecommunications Network at 1-800-858-7378.

ENVIRONMENTAL HAZARDS:

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water. Do not contaminate water when disposing of equipment washwater. Do not contaminate domestic or irrigation waters. Do not apply when weather conditions favor drift from target area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment area until spray has dried or dust has settled.

STORAGE AND DISPOSAL

STORAGE: Store in original container in a locked storage area inaccessible to children and pets.

PESTICIDE DISPOSAL: Securely wrap container in several layers of newspapers and discard in trash.

CONTAINER DISPOSAL: Do not reuse container. Rinse thoroughly before discarding in trash.

USE PRECAUTIONS:

Do not allow spray to drift onto vegetables, flowers, ornamental plants, shrubs, trees and other desirable plants since injury may result. Do not pour spray solutions near these plants. Avoid fine mist sprays. Coarse spray droplets are less likely to drift and cause damage to nontarget plants. Do not spray roots of desirable trees and shrubs. Do not exceed specified dosage; be particularly careful within dripline of tree and other ornamental species. This product is intended for spot spraying individual weeds only.

WHAT IT IS & HOW TO USE IT:

Gordon's Trimec® Spot Weeder contains Trimec® turf herbicide, a combination of three proven weed killers 2,4-D, mecoprop and dicamba. Together they control a wide range of broadleaf lawn weeds; some of which are listed on this label.

Use to "spot-treat" weeds in the lawn. For best results, apply when weeds are actively growing. Do not water within 24 hours after spraying. Use as is. Do not mix. Do not dilute. Aim at weed and spray. Only a short burst is needed. Overspraying only wastes the product and may cause damage to grasses such as centipedegrass, St. Augustinegrass, and Floratam. Effects begin to show after a few days and weeds gradually die. Up to 4 weeks may be required for complete kill. Be patient, Gordon's Trimec® Spot Weeder works slowly. Repeat in 3 to 4 weeks if necessary.

4/6

For lawns with many weeds, requiring an overall treatment, spray with Acme Trimec® Lawn Weed Killer, a concentrate you'll have to mix with water in your hose end or hand-operated sprayer.

APPENDIX

I. The following instructions would appear on the bag, or be enclosed with the bag containing the trigger sprayer, or would appear on the container label.

A. SUPPLEMENTAL LABELING FOR USE WITH ATTACHED TRIGGER SPRAYER.

DIRECTIONS FOR USE OF TRIGGER SPRAYER

1. Remove sprayer from bag.
2. Unscrew cap from bottle and remove the foil seal.
3. Making sure that tube is properly inserted through hole in cap, insert tube into bottle and screw on cap.
4. Open spray nozzle approximately one full turn.
5. TO PRIME - With sprayer directed at the target area, operate trigger until spray begins (approximately 10 to 15 times).
6. Adjust the sprayer nozzle for desired spray pattern.

STORAGE OF TRIGGER SPRAYER

1. Close spray nozzle.
2. Hook the trigger on or under the bottle handle so that trigger is above the level of contents.
3. To prevent clogging of trigger, remove sprayer from bottle and pump clean water through the hose and trigger.

B. SUPPLEMENTAL LABELING FOR USE WITH ATTACHED TRIGGER SPRAYER.

SPRAYER INSTRUCTIONS

How to prime and care for your sprayer.

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10 - 15 times until product is dispensed. Adjust nozzle to coarse stream.
3. To store, turn nozzle to "OFF" position and store with sprayer above level of liquid in container to prevent leakage.
