IMPORTANT: Do not apply directly to, or otherwise permit Perma Kill Plus to contact susceptible plants as this product may injure cotton, beans, peas, grapes, flowers, fruit trees, ornamentals, or other desirable plants. Avoid spray drift to such susceptible plants (coarse sprays are less likely to drift). Vapors from this product may injure susceptible plants in the immediate vicinity. Thoroughly clean spray equipment with a suitable chemical cleaner before using for other purposes (or do not use same equipment for other purposes.) Do not store near fertilizers, seeds, insecticides or fungicides. Do not reuse this container. Do not apply to areas underlaid by roots of desirable trees and shrubs.

Perma Kill Plus is toxic to fish and wildlife. Do not contaminate any body of water. Birds and other wildlife in treated areas may be killed. Do not contaminate water by cleaning of equipment, or disposal of wastes.

DIRECTIONS: To control most weeds and grasses for extended periods on non-cropland areas such as industrial plant sites, parking lots, loading ramps and around storage buildings and similar non-crop areas apply 1 to 2 gallons per 1000 square feet of Perma Kill Plus after the most predominant weeds have emerged. No agitation is required. Perma Kill Plus can be applied with standard spray equipment. For treating small areas, a tank type hand sprayer or sprinkling can may be used.

CAUTION: Keep out of the reach of children. Harmful if swallowed. Causes skin irritation. Avoid contact with skin, eyes, and clothing. Wash thoroughly after handling. In case of contact, flush with large amounts of water; for eyes, get medical attention. Remove and wash contaminated clothing before re-use.

NOTICE: Seller warrants that this product conforms to the ingredient statement on the label. Since conditions of use, such as weather, compatibility with other chemicals, and condition of application equipment, will vary, Seller makes no claims other than those stated on this label.
