PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed. Avoid breathing spray mist and contact with skin or eyes. Wash thoroughly after using spray. Do not contaminate cooking utensils, food or drinking water. Avoid spraying on furniture, asphalt tile or plastics. Do not apply to pets or birds. Do not treat in same area with fish tanks or caged birds.

Physical or Chemical Hazards

Do not puncture. Do not use or store near heat or open flame. Exposure to temperature above 130 F may cause bursting. Never throw container into fire or incinerator.

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE: Store in original container in a locked storage area inaccessible to children or pets. Do not store in temperatures above 130 F.

DISPOSAL: Replace cap and securely wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

HOW TO USE: Remove cap, shake can, and hold container upright with opening away from you. Hold dispenser about 18" from plant surfaces and press valve, keeping fingers out of stream. Using short, sweeping motion, spray all visible insects and infested surfaces. Treat both sides of leaves and the stalks or crowns. Do not overapply or spray when leaves are wet or directly in hot sun. Newspapers should be used to catch spray missing the plants.

Use for control of mites, aphids, exposed thrips, white fly and mealybug on African Violets, Azalea, Boston Fern, Fuschia, and Ivy. Frequent application is needed for mealybugs as they are hard to control.

NOTICE: Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
