 This product is toxic to fish and aquatic life. Do not apply near water bodies.

DIRECTIONS FOR USE
 Apply to lawn only. Do not apply to ornamental shrubs or trees. Do not apply to areas where children or pets play. Apply when the air is calm. Do not apply on wet lawns. During application, close spreader openings when turning.

STORAGE & DISPOSAL
 Store in original container in a cool, dry place. Do not use as a fertilizer. Wrap container in plastic before disposal.

USE PRECAUTIONS
 Do not apply to wet lawns or lawns where children or pets play. Do not apply to ornamental shrubs or trees. Do not apply to areas where children or pets play. Apply when the air is calm. Do not apply on wet lawns. During application, close spreader openings when turning.

INSTRUCTIONS
 Apply to lawn only. Do not apply to ornamental shrubs or trees. Do not apply to areas where children or pets play. Apply when the air is calm. Do not apply on wet lawns. During application, close spreader openings when turning.
 1. Mow lawn to a height of 1 to 2 inches before application.
 2. Water lawn thoroughly at least 1 day before application to sustain moisture until the next watering, see step 4.
 3. Apply when weeds are young and actively growing, preferably in the morning when dew is on the grass. If grass is not moist at time of application, sprinkle lightly with water to moisten soil and prevent dust drift to non-target plants.
 4. Do not water lawn again for 1 to 2 days after application. At this time a thin film of water is best.
 Be patient, TRIMEC works slowly and gently and is friendly to your lawn.

SPREADER SETTINGS

Scott	6
Lawn Beauty	5
Jackson	7 1/2
Sears	4

These spreader settings are approximate. Check your spreader on 250 sq. ft. and adjust to apply at the rate of 1 lb. per 250 sq. ft.
