

WEED-'N-FEED 5

A 23-3-7 Lawn Fertilizer Plus *TRIMEC Herbicide
Contains 2,4-D, MCPP and Dicamba

- KILLS WEEDS -
- FEEDS THE LAWN -

**CHICKWEED, DANDELION, KNOTWEED, PLANTAINS,
 HENBIT, SPURGE and many other weeds as listed.**

KEEP FROM FREEZING

ACTIVE INGREDIENTS

*Dimethylamine salt of 2,4-dichlorophenoxyacetic acid	1.266
acetic acid	
**Dimethylamine salt of 2,2-methyl-4-chlorophenoxypropionic acid	1.355
***Dimethylamine salt of Dicamba 3,6-dichloroaniline acid	0.140
INERT INGREDIENTS	98.651
TOTAL	100.000*

*Equivalent to 2,4-dichlorophenoxyacetic acid 0.720
 **Equivalent to 2,2-methyl-4-chlorophenoxypropionic acid 0.316
 ***Equivalent to 3,6-dichloroaniline acid 0.075

CAUTION: Keep Out of Reach of Children

In addition to being a fertilizer, this product contains *TRIMEC® Turf Herbicide. The herbicide portion of the product is the equivalent of the plant food needed for normal sea level growth. The herbicide controls hard to kill weeds such as chickweed, black nightshade, knotweed, plantain, dandelions, henbit, spurge and most other lawn weeds.

The fertilizing and herbicidal *TRIMEC® Turf Herbicide are especially important in that they give best control results from minimum amounts of chemical. However, if your lawn is in a state of poor growth, you may need a pre-treatment with a *TRIMEC® Turf Herbicide liquid formulation when conditions improve.

WHEN TO APPLY: For best results apply when weeds are growing vigorously in the spring or early fall after heavy rains.

The product may be used on bluegrass, fescue, rye, Bermuda and zoysia lawns. For best results there is sufficient moisture for excellent response from the herbicide. It is a very effective weed control.

Weed-'n-Feed 5 is a remarkably effective lawn food which combines the advantages of both fast and long lasting feeding action plus the broad range of weed control. The *TRIMEC® Turf Herbicide produces a thick, green turf while killing weeds to the point that they will disappear. Weeds contacted by the product stop growing, gradually die and disappear from the lawn.

- COVERS 5,000 SQ. FT. -

HOW MUCH TO USE: This 20 lb. bag of Weed-'n-Feed 5 should be used on 5,000 sq. ft. Apply evenly with a lawn spreader either as a one pass application or a two pass application, cross crossing the area at half the rate each time.

To get maximum weed killing results, do not rake, mow, or water the lawn for at least 24 hours after spreading the product.

Lawns which are heavily overrun by weeds and are in poor condition may require more than one application of this product. A suggested second application could be made approximately 30 days.

CAUTION: Avoid inhaling dust or contact with skin, eyes and clothing. Do not reuse container. Destroy when empty.

Do not use on dichondra, carpetgrass and St. Augustine grass.

Do not use this product where desirable clovers are present or allow the product to be applied to flowers, vegetables or ornamental shrubbery. Do not apply to newly seeded lawns. During application close spreader openings when turning. Apply when the air is calm. Keep away from fertilizers, seeds, insecticides or fungicides. Do not apply to areas underlaid by roots of desirable trees and shrubs. Spreader settings should be calibrated as follows:

Scott	6
Lawn Beauty	5
Jackson	7 1/2
Sears	4

The above spreader settings are approximate. Check your spreader on 100 sq. ft. and adjust to apply one lb. per 100 sq. ft. Use normal rate of walk when applying. Do not exceed an error on rate of application.

The following is a partial list of weeds controlled by this product:

BEDSTRAW	GROUND IVY	PEPPERGRASS	SPEEDWELL
BLACK MEDIC	HEAL-ALL	PIGWEED	SPURGE
BUCKHORN	HENBIT	PLANTAINS	THISTLE
BURDOCK	KNOTWEED	POISON IVY	WILD CARROT
CHICORY	LAMBSQUARTER	POISON OAK	WILD GARLIC
CHICKWEED	LESPEDEZA	PURSLANE	WILD LETTUCE
CLOVER	MALLOW	RAGWEED	WILD ONION
DANDELION	MORNING GLORY	SHEEP SOREBEL	YARROW
DOCK	OXALIS	SHEPHERD'S PURSE	

NOTICE: Seller warrants that this product conforms to the ingredient statement on the label. Since conditions of use, such as weather, compatibility with other chemicals, and condition of application equipment, will vary, Seller makes no claims other than those stated on this label.
