PRECAUTIONS: READ THE STATEMENT OF PRACTICAL TREATMENT ON THE BACK PANEL OF THIS PRODUCT CAREFULLY. Apply when the air is calm or light breeze. Do not apply to areas underlaid by roots of desirable plants. Do not use on lawns.

DIRECTIONS FOR USE: Apply to lawns in the fall or spring at the rate of 1.5 lbs. per 1,000 sq. ft. with its own fertilizer.

STORAGE & DISPOSAL

Store in a cool, dry place. Do not use empty containers. Wrap tightly.

USE PRECAUTIONS: Do not allow the material to be blown by wind. Do not apply to areas underlaid by roots of desirable plants. Do not use on lawns.

INSTRUCTIONS: This product is a patented combination of three active ingredients. Together they control a wide variety of weeds, including plantain, henbit, chickweed, knotweed, dandelion, spurge, and many other broadleaf weeds. In addition, a 10-5-5 fertilizer is included to promote normal season's growth. Possible adverse effects on desirable plants are minimal. A second application may be made 30 days after the first application. Do not use on dichondra, carpetgrass, St. Augustine, or fescue.

Be patient TRIMEC works slowly and gently and is friendly to your lawn.
