**NO MIXING OR POURING - AIM AT WEED AND SPRAY**

Use to kill poison ivy and any other troublesome broadleaf weeds. For best results use Gordon's Broadleaf and Poison Ivy Spot weeder when weeds are actively growing. Rainfall or watering soon after application may reduce effectiveness.

Gordon's Broadleaf and Poison Ivy Spot Weeder is designed to permit easy treatment of small weed patches without mess or trouble and without bending or stooping. Wet poison ivy or other weeds thoroughly using short bursts of spray. Overspraying only wastes the spray. Effects begin to show in a few days and weeds slowly die and disappear.
