STOP! READ THE ENTIRE LABEL FIRST. OBSERVE ALL CAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

WARNING

Keep out of reach of children. May be fatal if swallowed. May be absorbed through the skin. Do not breathe spray mist. Avoid contact with skin, eyes and clothing. Wash hands thoroughly after handling and before eating or smoking. Avoid contamination of feed and foodstuffs. Do not use or mix household pets or humans. Do not permit children or pets to go into sprayed areas until the spray has completely dried. Keep out of reach of domestic animals. Do not use in the home. Do not contaminate ornamental fish ponds.

Environmental Hazards

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Do not apply when weather conditions favor drift from treated areas. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Note on Bees

This pesticide is highly toxic to bees exposed to direct treatment or to residues remaining on the treated area. Do not apply when bees are actively visiting the crop, cover crop or weeds blooming in the treatment areas. Applications should be timed to provide the maximum possible interval between treatment and the next period of bee activity.

Physical or Chemical Hazards

Do not use, pour, spill or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal or cleaning of equipment.

Storage. Do not store near other pesticides or seeds.

Pesticide Disposal. Pesticide spray mixture that is not to be used according to label instructions must be disposed of according to Federal, State or local procedures under the Resource Conservation and Recovery Act.

Container Disposal. Triple rinse (or equivalent) and offer for recycling or dispose in a sanitary landfill or by other approved State and local procedures.

WARNING

Statement of Practical Treatment

If Swallowed: Call a physician immediately. Gastric lavage is not indicated if material was taken internally. DO NOT INDUCE VOMITING unless other treatment is not available. Vomiting may cause aspiration pneumonia. If it is necessary to induce vomiting, give victim one or two glasses of water and insert finger in back of throat. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

If Inhaled. Remove victim to fresh air. Apply respiration if indicated.

If On Skin. Wash contaminated skin with soap and water.

If In Eyes. Flush eyes with plenty of water for at least 15 minutes. Get medical attention.

See side panels for additional precautionary statements.

NET CONTENTS ONE U.S. GALLON

Use Diazinon Turf Insecticide to control the pests listed by application at the recommended dosage and in accordance with these instructions. Dilute Diazinon Turf Insecticide with enough water to obtain complete and uniform coverage of pest infested area and apply as a coarse low pressure spray using suitable application equipment. Thoroughly water treated areas immediately after treatment to wash the granules off of the turf except as noted. For best results the lawn should be moist at the time of treatment.

Insects	Rate 1,000 sq. ft. Diazinon	Water	Remarks
Chinch Bugs	1 oz. or 2 Tbs. or 3.6 fl. oz.	25 gals.*	Use higher rate for longer residual control and in areas of dense grasses such as St. Augustine grass.
Ants, Armyworms, Clover Mites, Lawn Seed Chinch Bugs, Cutworms, Dig gers, Fleas, Flies, Lawn Beetle Larvae, Sod Webworms, Lawn Moths, Sowbugs	4 fl. oz.	3 gals.	Spot spray per rates and water grassfull need again. For lawn belongs irrigate this over thoroughly immediately after treatment. For fine fescue, rough grass and water well before treatment but delay application until grass is dry. Do not water again until necessary.
Brown Dog Ticks, Bermudagrass Mites, Chiggers, Fleas, Leafhoppers	1 fl. oz.	3 gals.	Do not apply to ornamentals. For brown dog ticks spray grass and under any debris, particularly near house.
Mosquitoes	0.5 oz.	3 gals.	
Rhodesgrass Scales	5.8 oz.	25 gals.*	Apply when organism first emerge.

*Or more application in 3 gals. of water per 1000 sq. ft. and then enough water immediately following application.

Sod Webworms, White Grubs (such as Japanese beetle larvae, European chafer, Southern chafer): Apply 4 fl. oz. per 1000 sq. ft. of lawn. Water grass thoroughly after application. For grub control make application any time between late July and early October. For billbug control apply when activity is first observed or when chewed or ragged grass is present indicating damage from this insect.

Hyperodes Weevil (New York only): Apply 2.5 fl. oz. per 1000 sq. ft. of grass. Water grass thoroughly after application. Treat problem areas in mid April and again in mid May.

HOUSE ENTRY PREVENTION. To control ants, brown dog ticks, clover mites, crickets, earwigs, fleas, millipedes, sowbugs and springtails which are commonly found near the house and may enter the house: spray a 5 ft. band of soil around the house as well as the house foundation wall to a height of 2-3 ft. Repeat application if necessary.

NOTICE: Seller warrants that this product conforms to the ingredient statement on the label. Since conditions of use such as weather, compatibility with other chemicals and condition of application equipment will vary, Seller makes no claims other than those stated on this label.
