GORDON'S

2,4-D/DICAMBA AMINE TURF HERBICIDE

CONTROLS: Chickweed, Clover, Dandelion, Henbit, Plantain, Poison Ivy,
Poison Oak and many other broadleaf weeds.

ACTIVE INGREDIENTS:

* Dimethylamine Salt of 2,4-dichlorophenoxyacetic acid	40.00%
** Dimethylamine Salt of Dicamba (3,6-dichloro-o-anisic acid)	5.88%
INERT INGREDIENTS	<u>54.12%</u>
TOTAL	100.00%

THIS PRODUCT CONTAINS:

3.23 lbs. 2,4-dichlorophenoxyacetic acid equivalent per gallon or 33.23%.
0.48 lb 3,6-dichloro-o-anisic acid equivalent per gallon or 4.89%.

STOP! READ ENTIRE LABEL FIRST. OBSERVE ALL PRECAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

DANGER: Corrosive, causes eye damage and skin irritation. Do not get in eyes, on skin or clothing. Wear goggles or face shield, and chemical resistant gloves when handling this product. Harmful if swallowed, inhaled or absorbed through skin. Avoid inhalation of spray mist.

When mixing, loading, or applying this product, wear long-sleeved shirt, long pants, socks, shoes, chemical-resistant gloves and eye protection. It is recommended that safety glasses include front, brow and temple protection. After using this product, rinse gloves before removing, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and shower.

Containers over 1 gallon and less than 5 gallons: Persons engaged in open pouring of this product must also wear coveralls or a chemical resistant apron.

Containers of 5 gallons or more: A mechanical system (probe and pump) must be used for transferring the contents of this container. If the contents of a non-refillable pesticide container are emptied, the probe must be rinsed before removal.

In case of contact, immediately flush eyes with plenty of water. If in eyes, see a physician. If irritation develops, get medical attention. Wash contaminated clothing before reuse. Do not contaminate feed or food.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water disposing of equipment washwaters. Do not contaminate domestic or irrigation waters. Do not apply when weather conditions favor drift from target area.

Most cases of groundwater contamination involving phenoxy herbicides such as 2,4-D have been associated with mixing/loading and disposal sites. Caution should be exercised when handling 2,4-D pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing or transferring this pesticide will reduce the probability of spills. Placement of the mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination.

DIRECTIONS FOR USE FOR USE ON RESIDENTIAL AND OTHER TURF SITES EXCLUDING TURF FARMS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment areas until spray has dried or dust has settled.

STORAGE & DISPOSAL

STORAGE: Keep from freezing. Store in original container in a locked storage area inaccessible to children and domestic animals.

PESTICIDE DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law and may contaminate groundwater. If these wastes cannot be disposed of by use according to label instructions, contact your state Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

- OTHER USE PRECAUTIONS -

1. Avoid drift of spray mist onto vegetables, flowers, ornamental plants, shrubs, trees and other desirable plants.
2. Do not pour spray solutions near these plants.
3. Do not use on bentgrass, carpetgrass, dichondra or St. Augustinegrass.
4. Do not spray roots of trees and ornamentals. Do not exceed specified dosages for any area; be particularly careful within dripline of tree and other ornamental species.
5. NOTE: Coarse sprays are less likely to wind-drift.
6. Do not spray while grass is emerging from dormancy.
7. Do not apply to newly seeded lawns until after the second or third mowing.
8. Do not spray when air temperature exceeds 85°F.
9. Seed can be sown 3 to 4 weeks after application.
10. Do not contaminate domestic or irrigation waters.
11. After using this product, clean sprayer with soap or detergent and water, and rinse thoroughly before applying other pesticides.
12. Failure to observe the above precautions may result in injury.
13. Do not apply this product through any type of irrigation system.

NOTE: Do not use on bentgrass, carpetgrass, dichondra or St. Augustinegrass.

ORNAMENTAL LAWNS & TURF:

Apply Gordon's 2,4-D/Dicamba Turf Herbicide at the rate of 1 to 2 pints of product per acre in 20 to 160 gallons of water. Maximum control of weeds will be obtained from spring or early fall applications when plants are actively growing. Avoid applying during long, excessively dry hot periods unless adequate irrigation is available. Do not irrigate within 24 hours of application. Do not apply to newly seeded turf until after the second or third mowing. Grass seed can be sown 3 to 4 weeks after herbicide application. The maximum application rate to turf is 0.9 pounds 2,4-D acid equivalent per acre per application per site. The maximum number of broadcast applications per treatment site is 2 per year.

WEEDS:

The following is a partial list of the weeds controlled by Gordon's 2,4-D/Dicamba Turf Herbicide.

Buckhorn
Chicory
Chickweed
Clover
Dandelion
Dock
Henbit
Lambsquarter

Mallow
Morningglory
Peppergrass
Pigweed
Plantain
Poison Ivy
Poison Oak

Purslane
Ragweed
Wild Carrot
Wild Garlic
Wild Lettuce
Wild Onion
Yarrow
