This product is recommended for control of certain perennial weeds such as:

Atenisa	Horsetail	Timothy
Canada Thistle	Leafy Spurge	Wild Arichoke
Curly Dock	Orchardgrass	Wild Aster
Falsedandelion (Catsear)	Quackgrass	Wild Carrot
Fescue	Russian Knapweed	Yellow Rocket

For annual weed control this product should be applied prior to germination or when new plants are very small. For perennial weeds make application during coldest weather when plants are fully dormant or in the winter rosette stage.

The weeds listed above can be controlled in industrial and non-crop areas such as:

- **Electric substations** — Equipment sales and storage areas.
- **Lumber yards** — Around above ground pipes and tanks.
- **Non-surfaced roadways** — Railroad and highway right-of way.
- **Petroleum installations** — Around buildings. Along fence rows.
- **Farm fuel storage tanks and out buildings.**

For non-selective weed control this product should be applied at the rate of 120 to 200 pounds per acre (2 1/2 to 4 1/2 pounds per thousand square feet, 4 1/2 to 7 1/2 ounces per 100 square feet) or 1/2 to 1 1/2 pounds per square foot. The lower rate may be used if the weed infestation is primarily annual. For perennial weeds and dry areas the higher rate should be used. Delay weeds from previous seasons, growth do not need to be treated and should be controlled prior to application.

This product should be applied from late fall through early spring. Applications in the Northeast and/or Midwest should be made in early spring after the ground has thawed. Do not apply to frozen ground or snow. Do not apply to bare soil. Do not apply if air temperatures are expected to fall below 32°F within the following week. In areas of high rainfall, apply only prior to the rainy season. For prompt control of weeds from previous seasons, apply this product within 14 days of application. Do not apply to the water surface of treated areas.

**USE PRECAUTIONS**

Do not apply this product to the water surface of ponds, reservoirs, and lakes. Apply to the water surface and to the shoreline. Do not apply to the bottom of the water body.

**OTHER USES**

This product is not for use on lawns, gardens, or other areas where desirable plants are growing. Do not apply to the water surface of treated areas.

**WARRANTY**

This product is warranted to be effective against the weeds listed on the label when used as directed. It is not a guarantee of control.
