

READ THE ENTIRE LABEL FIRST. OBSERVE ALL PRECAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.

PRECAUTIONARY STATEMENTS

Hazards to Humans (and Domestic Animals).

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin or clothing. In case of contact immediately flush eyes or skin with plenty of water. If irritation develops get medical attention. Avoid contamination of food or feedstuffs.

Environmental Hazards: Do not apply directly to water. Do not apply when weather conditions favor drift from target area. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not contaminate domestic or irrigation waters.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE Keep from freezing. Store in original container in a locked storage area inaccessible to children. Do not store near food or feedstuffs. To prevent cross-contamination, do not store near other fertilizers, insecticides, fungicides or seeds.

PRODUCT DISPOSAL Securely wrap original container with unused product in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL Do not reuse empty container. Rinse thoroughly before discarding in trash.

OTHER USE PRECAUTIONS:

Do not allow spray to drift to vegetables, flowers, ornamental plants, shrubs, trees and other desirable plants. Some injury may result. Do not spray where grass is emerging from dormancy. Do not apply to newly seeded lawn grasses until well established. Do not spray when the temperature exceeds 85°F. Seed can be safely sown 3-4 weeks after application. Do not use on carpetgrass, poa annua, St. Augustine. Centaurea, closely mowed bentgrass, or on lawns that have tree bark covers are present. Do not spray roots of trees and ornamentals. Do not exceed specified dosage in any area, be particularly careful within drip line of tree and other ornamentals.

1. Spray at any time during the growing season when weeds are actively growing.
2. Do not spray within 2 weeks before or after a mowing treatment. Wait 3 weeks before putting new grass seed in yards or lawns to be sprayed.
3. Do not spray on lawns that are being prepared for a new lawn.
4. Do not spray on lawns that are being prepared for a new lawn.

HOW TO USE:

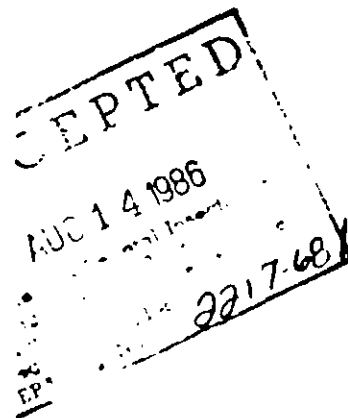

SHAKE WELL BEFORE USING
 Attach the spray nozzle to the garden hose and spray the lawn. The spray should be applied evenly over the entire lawn. Do not spray on lawns that are being prepared for a new lawn. Do not spray on lawns that are being prepared for a new lawn.

MEASURING

G. B. Gordon Corporation

- and twist, snapping lock ring in two.
3. Remove both parts of separated lock ring.
 4. Turn arrow on activator switch to OFF position.
 5. Push activator switch securely down against top of sprayer. This will pierce the safety seal inside the dispenser.
 6. To begin spraying, turn on water and then move activator switch to the ON position.
 7. To stop dispensing the product, turn off water.

(Alternate Nozzle Directions)

✓ HOW TO USE:

SHAKE WELL BEFORE USING.

1. Attach spray nozzle to garden hose. Turn nozzle clockwise to firmly attach it to hose.
2. Remove cap from bottle (directions on cap) and screw bottle into spray nozzle.
3. Turn the on/off switch on top of the spray nozzle counter clockwise to the "OFF" position. Then turn on the water at the faucet.
4. To begin spraying, turn the sprayer nozzle switch clockwise to the "ON" position. The water automatically mixes with the product. Walk at a steady pace spraying in a side to side arc, slightly overlapping treated areas. Refer to graduated scale on side of container to guide coverage.
5. To stop spraying, turn the sprayer nozzle switch counter clockwise to the "OFF" position and turn off water at the faucet.
