NET WEIGHT THREE POUNDS

STOP! READ THE ENTIRE LABEL FIRST.
OBSERVE ALL PRECAUTIONS AND FOLLOW
DIRECTIONS CAREFULLY.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: May irritate eyes, nose, throat, and skin,
Avoid breathing dust or spray mist. Avoid contact with
eyes, skin, or clothing. Do not graze or feed clippings
from treated areas to livestock.

Statement of Practical Treatment

If Swallowed: Induce vomiting by drinking water and touching
back of throat with finger.

If Inhaled: Remove to fresh air.

If In Eyes: Rinse with water for 15 minutes.

If On Skin: Wash with soap and water.

Environmental Hazards

Do not apply directly to any body of water. Do not contaminate
water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a
manner inconsistent with its labeling.

STORAGE & DISPOSAL

← 14 pt. Bold

Prohibitions: Do not contaminate water, food or feed by storage,
disposal or cleaning of equipment. Do not store near other
pesticides or seeds.

Pesticide Disposal: Pesticide or rinse water that cannot be
used according to label instructions must be disposed of
according to applicable federal, state or local procedures.

Container Disposal: Completely empty bag by shaking and tapping
sides and bottom to loosen clinging particles. Empty residue
into application equipment. Then, dispose of bag in a sanitary
landfill or by incineration if allowed by state and local
authorities.

TURF DISEASES

Snow Mold - For the control of snow mold (Typhula), apply 6 to 9 ozs. of TEREMEC SP per 1000 sq. ft. in sufficient water to give complete coverage, usually 3 to 5 gallons. Apply as a spray as late in the fall as possible prior to snowfall.

Pythium Blight - For control of Pythium blight on established turf, apply TEREMEC SP as a preventative at a rate of 4 ozs. per 100 sq. ft. in 3 to 5 gallons of water. Apply during periods of high temperature and humidity favorable to the development of disease. Repeat in 5 to 7 days if conditions persist.

For the control of Pythium blight on new seedings, apply TEREMEC SP at the rate of 4 ozs. per 1000 sq. ft. following emergence. If conditions remain favorable to the development of disease, repeat in 7 to 10 days.

WARRANTY:

The manufacturer warrants that the chemical composition conforms to the ingredient statement given on the label and that this product is suited for the labeled uses when applied according to label directions. Because of widely varying use conditions, it is impossible to eliminate all risks even when label directions are followed. Therefore, the manufacturer makes no other implied or express warranty nor is any agent of the manufacturer allowed to do so. Upon purchase of this product, the buyer assumes all risks associated with use of this product. In the event of damage resulting from a breach of warranty, the buyer agrees to accept a refund of the purchase price of the product as full discharge of the manufacturer's liability.
