Subject: Notification(s) for Label Revisions under PRN 2008-1, 2007-4, and 98-10

1. Alternate Brand Name: Gordon's Trimec Crabgrass Plus Lawn Weed Killer Ready-to-Use

2. Redesign of labeling format

Dear Dr. Kunstman:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notices (PRN) 2008-1, 2007-4, and 98-10 dated August 10, 2009 and September 2 and 21, 2009 for:

#### EPA Registration 2217-906 EH-1449 Herbicide

The Registration Division (RD) has conducted a review of the request(s) for applicability under PRN 2008-1, 2007-4, and 98-10 and finds that the label changes requested fall within the scope of PRN 2008-1, 2007-4, and 98-10. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identify the batch of the pesticide distributed and sold be placed on <u>nonrefillable</u> containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Nicole Williams of my staff at 703-308-5551.

Sincerely,

Linda Arrington Notifications & Minor Formulations Team Leader Registration Division (7505P) Office of Pesticide Programs

Attn: Ms. Joanne I. Miller (PM-23)

Dear Ms. Miller:

#### Subject: Labeling notification according to Pesticide Registration Notice (PRN) 98-10. EH 1449 Herbicide (EPA Reg. No. 2217-906)

I. Labeling notification per PRN 98-10: Notifications Non-notifications and Minor Formulation Amendments.

#### Merge multiple documents into one document:

August 10, 2009: We asked to revise the disposal instructions and to adopt the exact language of Pesticide Registration Notice (PRN 2007-4), Labeling Revisions Required by the Final Rule "Pesticide Management and Disposal: Standards for Pesticide Containers and Containment."

Also, we asked to revise the environmental hazards section of the labeling and to adopt the exact language of (PRN) Pesticide Registration Notice (PRN 2008-1), Environmental Hazard Labeling Statements on Outdoor Residential Use.

August 31, 2009: The Agency reregistered this product with labeling comments.

September 2, 2009: PBI/Gordon Corporation submitted a notification for an alternate brand name.

#### September 18, 2009:

We are requesting to merge the revisions, changes or comments of the three versions of the draft labeling listed above into one current document. The current version of this draft labeling will be used as the printers' proof for retail container labels will allow us to satisfy certain state registration requirements. This merges of the craft so labeling that does not modify the text previously approved.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to the EPA. I further understand that if this notification is not consistent with the terms of PR\_Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under Section 12 and 14 of FIFRA.

#### III. Enclosures:
